'Woman In White' Suspect In Murder Of Van Nuys Man

WIDOW, NIECE, EX-OFFICER IN CUSTODY

Former Wealthy Chicagoan Is Shot to Death While Entering His Automobile

ROBBERY NOT MOTIVE

Search of Home Discloses Two Guns, One Recently Discharged, Police Claim

(By United Press)

VAN NUYS, Calif., June 19.—Immediately after John Glab, former wealthy Chicago resident, was shot to death while entering his automobile last night, a woman, dressed entirely in white, was seen to dash from the machine, police reported today.

At the same time officials made it known that Mrs. Hazel Glab, the widow, now under arrest on a suspicion of murder charge, was garbed in a white dress and coat when police first entered the Glab home.

Mr. and Mrs. J. Goodrich, neighbors of the Glabs, were authorities for the "woman in white" story, police said.

Robbery Not Motive

Since more than $400 in cash was found in Glab's pockets, police discounted the theory that he was the victim of a holdup.

A search of the Glab home disclosed two pistols. One of these was discharged recently, authorities said.

Mrs. Glab, her neice, Ethel Kaser, of Oklahoma, and the Glab gardener, A. Wilson, all were taken into custody when stories told by them varied greatly.

A fourth suspect was arrested late today and charged with suspicion of the murder. He was W. W. McIntyre, former Los Angeles police officer, who was dismissed from service a year ago after he figured in a Hollywood shooting scene with Mrs. Glab.

McIntyre was taken into custody after officials learned that he had been seeing Mrs. Glam since her marriage and had been in her company as late as Sunday.

Shot Through Cheek

According to police reports, McIntyre was shot through the right cheek during the course of a party

Navy Crews Win First Two Races At Poughkeepsie

POUGHSKEEPSIE, N. Y., June 19.—Annapolis won the first two events of the annual Poughkeepsie regatta this afternoon, the midshipmen's junior varsity crew stroking its way to victory in a thrilling duel with Cornell after the middies had won the freshman race.

The junior varsity was thrilling throughout and when Navy and Cornell slipped over the finish line it was uncertain to most of the spectators which crew had won. A moment later, however, the officials announced Navy was first and Cornell second.

More Floods Threatened By Rising Rivers

Fight to Bolster Levees in Missouri, Arkansas as North Gets Rain

(By United Press)

KANSAS CITY, Mo., June 19.—Threatening to spread fanlike over additional thousands of acres under cultivation, rivers in the southwest continued their rise today with little prospect of a let-down in the situation for several days.

Only clouded skies and unsettled weather greeted disheartened sections long wearied by annual floods that wash out crops in the lowlands. Weather forecasts for Missouri, Arkansas, Oklahoma and Kansas, centers of the flooded areas, promised unsettled weather for the next two days.

The fight to bolster weakening levees in Missouri and Arkansas continued today as heavy rains were reported further north.

Workers toiled feverishly on broken dikes in southeastern Missouri, where the St. Francis river already has covered one-third of Dunklin county—approximately 100,000 acres.

The Verdigris, near Independence, Kas., was on a rampage with lowlands flooded. Fields of grain dead ripe were expected to be total losses as the river rapidly neared the 34-foot stage today. Highways were reported under water near Independence.

A tornado that struck in a farming community between Mound City and Oregon, Mo., last night, killed one, injured three and caused considerable property damage.

THUGS GET $1400 IN FIVE HOLDUPS

LOS ANGELES, June 19.—Two bandits struck five times in two hours and relieved eight victims of $1400 in cash early today. The holdups were not confined to a section but descriptions of the pair tallied in each case.

The proprietor of the Vineyard Bottling company gave the bandits $40, Clarence Mayer turned over $50, O. M. Green and Mrs. O. C. McDonald yielded $1200, S. W. Gardner and a woman companion were forced to hand over $175, while Paul de Weese and a woman companion could contribute only $2.

VIENNA EDITOR IS KILLED IN COURT

VIENNA, June 19.—Bruno Wolf, editor of Neures Weiner Journal, and one of the foremost continental publicists, was shot to death today in a high courtroom during the hearing of a libel suit between himself and Oscar Poeffl, a fellow editor of the journal.

Giannini Issues Fluctuating On Bay City Market

SAN FRANCISCO, June 19.—Bancitaly corporation and Bank of Italy stocks showed alternate spells of strength and weakness in an uncertain market on the San Francisco stock exchange today.

Irregularity in most banking issues developed early in the trading although the sudden slumps that characterized yesterday's trading were absent.

Bancitaly corporation opened at 112 3/4, an overnight gain of 1 3/4 and sold down almost immediately to 110 1/4. Then it climbed back to 111 3/8 but reacted again to 110 1/2.

Bank of Italy showed the same fluctuating tendencies. It opened at 178, the same as Monday's close, slumped to 175 and then climbed to 180. After a reaction to 177 3/4, it recovered to 179.

Transatlantic Flyer's Crash Probed

WASHINGTON, June 19.—The latest caper of Bert Acosta, transatlantic aviator and bad boy of aviation, is being investigated by the commerce department with a view to possible penalties more drastic than the one under which he now is suspended as a licensed aviator.

Two passengers were injured when Acosta's plane crashed from a low altitude yesterday in New York.

PRESIDENT IS KEPT INDOORS BY STEADY RAIN

Newspapermen Wagering That Next Thrill Will Be Snowstorm

By ROBERT MOOREFIELD
(United Press Staff Correspondent)

SUPERIOR, Wis., June 19.—President Coolidge may have to spend his Wisconsin vacation either indoors or in a sou'wester.

Rain has fallen almost continuously for three days and yesterday was so inclement that the president was forced to postpone his first visit to the executive offices here. He remained at Cedar Island lodge, spending a few moments patrolling his island home in an oilskin.

Secretarial workers and newspaper correspondents here wagered among themselves at odds of 3 to 1 that it would snow within the next 24 hours. The temperature sank below 40 degrees last night.

That the president is here only for a rest and is making the most of his vacation, was indicated by the fact that he has not left Cedar Island lodge since his arrival there Friday.

Everett Sanders, the president's secretary, has been arranging a tentative schedule that will bring Mr. Coolidge into Superior only three times a week, and possibly less during the first few weeks. Although his Washington schedule called for press conferences each Tuesday and Friday it now is planned to hold only one a week.

Chairman William M. Butler, of the Republican national commitee, who was a guest at the lodge yesterday, remained over night. His visit was regarded more as a personal call than as one of political significance.

ARSON SUSPECT IS ORDERED TO TRIAL

LOS ANGELES, June 19—M. Javaho Tocaxe, gift shop proprietor, today was ordered held for trial on arson charges in connection with the fire and explosion which demolished the Russian Eagle cafe, in Hollywood, June 6.

Tocaxe operated a curio store in connection with the Russian Eagle. He was said to have insured his property a few weeks before the fire.

Eight were injured in the explosion and a number of notables, including Charlie Chaplin, left the building just before the blast.

Man Killed When Car Plunges Off Railroad Tracks

ONTARIO, Calif., June 19—When one of three derailed Southern Pacific freight cars rolled over a 20-foot embankment west of here early today, Joe Postula, of Wilkesbarre, Penn., was crushed to death.

Pastula carried seaman's papers, indicating he had been discharged from his ship in San Francisco recently. A companion said to have been riding with Postula, could not be located today.

Nobile Again Sights Planes But Is Unseen

Predicament of Men Adrift On Ice Floe Hourly Growing Worse

By ERIK BERNDSEN
United Press Special Correspondent

KINGS BAY, Spitzbergen, June 19.—Gen. Umberto Nobile and his group of five, awaiting rescue on the ice in the north, again watched relief approach and depart without their position being discovered, it became known today. Capt. H. Riiser-Larsen and Lt. Luetzow Holm flew within two kilometers of the ice encampment Monday, but failed to sight Nobile and his five aides. The planes were sighted by Nobile, however.

The two Norwegian flyers returned today to the steamer Braganza after reconnoitering over the district where Nobile's ice refuge is floating. They had been unable to sight Nobile although they were within two kilometers of the lost men.

Later it was learned, through radio advices, that Nobile had sighted the flyers just as he had sighted them as they passed over his position Sunday.

Relief expeditions from five nations speeded rescue today to the group.

General Nobile and his aides are on an ice floe—probably now at a point near 80:20 degrees north and 28:22 degrees east—and their predicament grows more desperate hourly. Great crevasses are beginning to appear in the ice as the short summer season approaches.

Ice is melting rapidly. This bespeaks a danger for the six who have huddled about a silken tent since they were brushed off the Italia in a forced landing May 25.

Now all resources are centering toward rushing aid to the spot where Nobile last reported he and his men awaited relief. Steamers, ice boats and airplanes either are in the frozen territory or are rushing to this area.

TWO MORE DIE ON 'CORNER OF DEATH'

CHICAGO, June 19.—Gangland claimed two more lives today at Cambridge and Oak streets, Little Italy's "corner of death."

Two well dressed Italians were shot to death in front of the little one-story drug store where in the last 20 years more than fifty men have been assassinated in Mafia and gangster wars.

The slain men were Joseph Salamone, 28, and John Oliveri, 35, well known Italian wholesale grocers.

Hoover And Curtis In Conference

WASHINGTON, June 19.—Herbert Hoover and Charles Curtis, the Republican candidates, conferred for three hours today in "perfect accord" on major issues of how to conduct their campaign, according to Hoover's friends.

Then Hoover conferred briefly with William S. Vare, of Philadelphia, whose support of the commerce secretary was regarded as a turning point in the convention. Curtis said he would confer with Senator Borah late today.

SMITH FORCES OPTIMISTIC AS RITCHIE QUITS

Think Maryland's 16 Votes Assure Nomination of N. Y. Governor

BY HERBERT LITTLE
United Press Staff Correspondent

WASHINGTON, June 19—Followers of Gov. Al Smith today hailed the 16 votes of Maryland, ceded by Gov. Albert C. Ritchie, as assuring the nomination of their candidate at Houston next week.

Maryland's 16 votes will give Smith more than 700 on the first ballot, they claimed, to nominate, 733 1-3 are needed and the others will be forthcoming on an early ballot, it was predicted.

Ritchie has not been an avowed candidate but his campaign for state's rights and his outspoken disapproval of prohibition have gained him a nation-wide reputation.

The Maryland Democratic convention instructed the delegates for him and in the early stages of the campaign there were many who believed he would make a better vote getter than the New York governor.

Landslide Victory Seen

Twenty-four Democratic delegates, the last to be named, are to be selected at the Virginia state convention in Roanoke Thursday or Friday. The Virginia contest today was described as a battle between Smith and anti-Smith factions and optimistic Smith men foresaw a landslide convention victory over the proportion of Hoover's in the Kansas City convention if Smith gets most of the Virginia votes.

However, it was generally be-

Miss Earhart Tells Thrills Of Long Flight

Girl Flyer Attributes Success of Air Journey To Pilot Stultz

By ARCH ROGERS
(United Press Staff Correspondent)

LONDON, June 19.—Miss Amelia Earhart, Wilmer Stultz and Lou Gordon arrived in London at 6:20 p. m., today, and were accorded an uproarious greeting by thousands who cheered them as they went to the Hyde Park hotel, after a motor trip from Southampton.

Thousands lined the streets around the fashionable Hyde Park hotel, when the automobile containing Miss Earhart and her companions drew up after a drive through London.

Cheers of the crowds echoed for blocks and traffic was held up while the flyers were taken into the hotel, the lobby of which was decorated lavishly in their honor.

Miss Earhart went to her suite as soon as she could detach herself from welcoming admirers, a child followed her and presented the American girl with a model monoplane made of flowers.

Miss Earhart seemed exhausted. She received newspapermen pleasantly, but it was with difficulty that she talked. Frequently she dug her hands into her eyes and shook her head to avoid falling asleep.

Crowds Greet Flyers On Arrival At Woolston

By SIDNEY J. WILLIAMS
(United Press Staff Correspondent)

WOOLSTON, Eng., June 19.—Miss Amelia Earhart's airplane Friendship landed in the water at 7:20 a. m., eastern standard time, today, after making a 135-mile flight from Burryport in two hours and 3 minutes.

Five minutes before its perfect landing the Friendship was sighted rising over the northwest horizon and making, with its super-marine pilot seaplane in the lead, toward the landing spot.

A little crowd had been waiting for hours for the plane. As the time for the ship's approach neared, the crowd had become a throng. Workmen rushed from all over the surrounding area during their lunch periods and school children turned out in a body. Special motor bus parties from all through the nearby county were arriving momentarily.

HOOVER VICTORY SEEN BY JOHNSON

SAN FRANCISCO, June 19.—Senator Hiram Johnson returned to San Francisco today "feeling fine" beblieving Herbert Hoover will win the presidency regardless of whom the Democrats nominate and reluctant to talk party platforms until after next week.

But two subjects—Boulder dam and the San Francisco bay bridge—did not share the "tread lightly" attitude Senator Johnson assumed when questioned on the campaign.

"California is behind two of the greatest engineering projects ever proposed," he declared. "The Boulder dam is the biggest thing of its kind ever conceived and the bay bridge will be the biggest bridge ever built. Both are typical of California.

Johnson prophecied the bay bridge and the Boulder dam bill, which he personally sponsored, would pass during the short session of congress despit strong opposition.

Don Byrne, Noted Irish Writer, Dead

(By United Press)

COLNAKILTY, Ireland, June 19.—Don Byrne, leading Irish novelist, was killed last night when his automobile overturned and crashed into a river between Marobough and Timoleague.

Byrne's real name was Brian Oswald Don-Byrne. He was born in New York City on Nov. 20, 1889, but was educated at University college, Dublin, and later studied in Paris and Leipzig.

After marrying Miss Dorothy Cadogan, in Ireland, in 1911, Byrne returned to the United States. He worked on newspapers for a time. Among his better known books were Messr Marco-Polo, Hangman's House, Blind Rafferty and Crusade.

BOY'S SHOOTING ACCIDENT, SAYS INQUEST JURY

Verdict Expected to Clear Nevada Policemen of Murder Charges

(By United Press)

LAS VEGAS, Nev., June 19.—Former Chief of Police Lake and Police Officer Deadrich, charged with murder in connection with the shooting of 8-year-old Sheridan Bradshaw, were released today on $5000 bail each after a coroner's jury found young Bradshaw came to his death accidentally.

The youth was fatally wounded when Deadrich fired a number of bullets at the automobile of C. W. Bradshaw, suspected of bootlegging.

Six business men, who composed the jury, decided that death resulted from "a gunshot wound from the pistol of Henry Deadrich, the gun being accidentally discharged while Deadrich was performing his official duty."

May Drop Prosecution

Although he made no announcement, it was believed that District Attorney Harley Harmon would drop all prosecution of the police officials.

The first degree murder complaint was filed against the pair late yesterday by District Attorney Harmon. The count was a surprise since official circles presumed the charge would be involuntary manslaughter. Lake resigned as head of the police force so as "not to embarrass" city officials.

While regretting the death of young Bradshaw, the police officers defended their action in firing at the suspected bootleg car.

Bradshaw, they said, consistently used his family to shield his illegal operations. He had been arrested three times on liquor charges.

Fired at Tires

Tipped that Bradshaw was to run a load of whiskey, Lake and Deadrich attempted to trap him. When Bradshaw refused to stop at their command, Lake took the

MACHINE IS WRECKED

Threatened Crash Against Mountainside Described By March Field Aviator

LOST in a dense fog and rain from his squadron of army airplanes, flying from March field, Riverside, to San Diego, yesterday, Cadet W. R. Shepherd, Riverside, narrowly escaped death or serious injury when he deserted the plane for his parachute at an altitude of only 300 feet, in San Juan Canyon, near San Juan Capistrano, according to word brought here today.

Quick opening of the parachute was all that saved the flyer from death, it was said. He was cut and bruised by the fall, but was able to return to his base. The plane, wrecked, was found 2000 feet from where Shepherd landed.

According to story told by Shepherd to Gordon Robinson and Glenn Cook, who were in the canyon and saw the parachute leap, the fog and rain separated him from his companions and he became lost. Flying blind, Shepherd turned up the canyon and flew to the end of it. Then he saw a mountain directly in front of him. He attempted to gain altitude but failed and the mountain seemed to be directly in front of him. He then jumped from the plane.

Shepherd was taken to San Juan Capistrano, where he was able to board a stage for Riverside.

Extra Session Of State Legislature May Be Requested

SACRAMENTO, June 19.—Governor Young may be asked to call a special session of the California state legislature this summer to consider measures providing a new bank tax and solvent credits tax, it was indicated here today by Irving Martin, chairman of the state tax commission.

The commission will hold its next meeting June 30, at Highlands, near Carmel, Martin said. Because of the extreme necessity of protecting the revenue received by th state from a solvent credits tax, the commission is focusing its study toward a solution of this problem.

Banks are at present paying taxes under protest, under the old law, which Martin said was declared unconstitutional.

SOUTHLAND GETS RAIN

LOS ANGELES, June 19—Rain fell in slight quantities and in scattered parts of Southern California today. Precipitation in Los Angeles was not measurable, the weather bureau said.

CAMPAIGN LOG

Governor Albert C. Ritchie withdrew as a candidate for the Democratic presidential nomination in favor of Governor Alfred Smith of New York and said he would suggest the 16 Maryland delegates to the state convention cast their votes for the New York governor.

Ed. B. Villmoare, treasurer of the Reed presidential preconvention campaign committee, said the withdrawal of Governor Ritchie was not unexpected and that the Reed workers would continue to make a fight to have the Missouri senator named as the Democratic presidential nominee. Reed headquarters already have been opened at the Rice Hotel in Houston.

George Van Namee, pre-convention campaign manager for Governor Smith, was expected in Houston late today to open the Smith headquarters.

Democratic vice presidential possibilities discussed in Washington included Jesse H. Jones, Houston millionaire, Huston Thompson, formerly federal trade commissioner, Major General Henry T. Allen, Kentucky; Senator Thomas J. Walsh of Montana, Governor Vic Donahey of Ohio and Senator Thomas D. Robinson of Arkansas.

Herbert Hoover and Senator Charles Curtis will confer in Washington today for the first time since they were nominated in Kansas City last week.

Dr. Nicholas Murry Butler warned that disaster might overtake the Republican party should the voters consider the dry plank in the party platform to mean the Republican party was the "dry party." He said he had been advised members of the resolutions committee favored his wet plank but feared to include it in the party platform.

F. Scott McBride, general superintendent of the Anti-Saloon league said the league would support Herbert Hoover for president provided Governor Smith of New York was named as the Democratic presidential nominee.

LONDON GIVES OCEAN FLYERS NOISY GREETING

(Continued From Page 1)

Ordinarily, workmen ferry from Woolston across to Southampton for lunch, but none went today.

Crowd Jams Streets

News that the flyers had left Burryport was disseminated by the United Press. The crowd converged on the Imperial Airways landing stage at the waterside, jamming nearby streets and forcing police to adopt emergency regulations to control it.

The Friendship came down gently in Southampton water 500 yards offshore among a continuous roar of cheers from persons ashore and in boats and the din of hundreds of ships' sirens and whistles from the great dock district.

The plane taxied the 800 yards up to the Imperial Airway seaplane dock. The whole landing was effected faultlessly.

Miss Earhart, accompanied by Stultz and Gordon, started for London by automobile at 4 p. m.

Receives Newspapermen

Dressed in a biscuit colored pullover sweater, a red necktie, dark riding breeches and black, high boots, Miss Earhart, looking less tired than on her arrival, received newspapermen before she left for London.

"My big moments on the whole flight," she said, "were when we sighted the liner America, south of Ireland, and when Stultz announced that there was gasoline sufficient only for another hour's flying.

"But I think my real thrill came when we sighted land.

"When the wireless failed on the evening we left, I did not feel afraid but I was lonely. I spent most of the time walking up and down the cabin.

Praises Pilot Stultz

"I believe most Atlantic flyers who have been lost have failed because they did not know how to fly by instrument alone. We would have met their fate but for the fact that Stultz is exceptionally qualified and experienced in such flying.

"I am not trying to earn any money by my flight. I am interested in aviation and always have been, and gladly accepted an opportunity to participate in this adventure.

"This is my vacation. I intend to see England, especially the royal race meeting at Ascot."

You'd think that Chief Bender would have enough of baseball by now but he hasn't. He is managing a club in the Virginia league and assigns himself to mound duty every now and then.

Officers Must Stand Trial For Slaying

FRESNO, Calif., June 19.—The plea of their attorney for a dismissal of manslaughter charges against them having been denied, A. R. Cole and I. B. Chalmers, former special county officers, today were preparing to stand trial in superior court for the slaying of Frank Aiello, suspected bootlegger.

The contention of Attorney W. E. Simpson, at the preliminary hearing, that it would be impossible to establish which of the two men fired the fatal shot and asking dismissal of the case, was overridden by Justice Church.

The prosecution, in charge of Special Prosecutor Franj Curran, introduced two supreme court rulings, one involving a case in Akron, O., and another in Missouri, upholding conviction of officers for firing on suspected persons without sufficient grounds.

Curran said Cole and Chalmers, who killed Aiello when his brother, driving an automobile near Pinedale on the night of May 5, refused to stop as ordered, should have been charged with murder, instead of manslaughter.

$150,000 DAMAGE DONE BY L. A. FIRE

LOS ANGELES, June 19.—Damage estimated at $150,000 was done by fire which destroyed the South Western avenue plant of the Diamond Hardwood company early today.

Fear that the flames might reach a huge gas storage tank in an adjoining lot caused hundreds of police reserves to be called to keep some 10,000 spectators out of range of a possible explosion.

The fire, of undetermined origin, broke out at midnight and 10 minutes later had engulfed the entire plant. The expensive kiln-dried hardwood burned so fiercly that firemen were able to save only one small shed of lumber.

Police News

Charged with overtime parking, Mrs. C. Marks, and B. F. Wolk, Santa Ana, were each fined $2 in police court yesterday.

Three speeders were given fines in Judge J. F. Talbott's court yesterday. They were: Elbert D. Lee, $5; Elton Neal, $15, and Aubrey Dunbar, 522 Eastside avenue, $10. Dunbar was speeding on a motorcycle.

John McDermott, charged with vagrancy, was given a 30 day suspended jail sentence in police court yesterday. He was arrested Sunday night.

Charged with driving an automobile while under the influence of liquor, C. Portilli, 29, Capistrano Beach, was arrested at San Juan Capistrano yesterday and is being held in the county jail. The arrest was made by State Traffic Officer Joe Clever.

in the Hollywood apartment of Mrs. Glab, then Mrs. Hazel Garland, in January, 1927.

The woman was released at that time when she testified she shot in self defense and when it became apparent that McIntyre was not seriously injured.

It was understood then that the woman wounded McIntyre when he became jealous and attempted to beat her for going with other men. Soon after she married Glab.

Police learned that Mrs. Glab had called at McIntyre's apartment last Sunday and that the couple were seen together often since she married the Chicago man.

Wilson, the gardner, said the Glabs had been quarreling for several days. He did not know the nature of the disagreement, but he said he understood Glab intended to leave his wife and she, in turn, was preparing to divorce him.

Denies Domestic Troubles

Mrs. Glabb denied any domestic difficulties.

Mrs. Glab told police that her husband might have made enemies with the Chicago underworld, although she declined to say in what manner. She said his drug store was located near the county hospital in Cicero, suburban Chicago.

She first met the murdered man in Chicago while she was stopping at the Sheridan Read apartment house, she stated. At that time he was separated from his first wife, Mrs. Martha Glab, who now is living in Hollywood.

She married Glab in Reno, Nev., she said.

RASCHE TAKEOFF PREVENTED BY FOG

CURTIS FIELD, L. I., June 19—Heavy fog and a soggy field today prevented Fraulein Thea Rasche, German flyer, from taking off for Old Orchard, Me., on the first stage of a flight to Europe. The flight, it is understood, is being financed by Mrs. James A. Stillman.

Court Notes

Charges Laziness

Velma M. Passamaneck filed a divorce suit today against Carl S. Passamaneck. She alleged that he had failed to provide for her. Once, she asserted, he had a job in Brea, but lost it because he was so lazy. They were married in 1924 and separated last April, according to the complaint.

Asks Damage

Joseph and Marie Thurston brought suit today against the Stubbs-Hoegstedt company and O. G. Hoegstedt, of Laguna Beach, asking for $7,000 damages. They claimed that they had deeded property to the firm and in return had received 70 shares of Coast Industries Inc. stock. Later, they alleged, they discovered that the stock had been issued without legal authority and that it was worthless.

Safest Way to Stop Pain

It is not necessary to take heart-depressing drugs or dope of any kind to relieve nerve torture caused by neuritis, neuralgia, sciatica or rheumatism. Just apply Tysmol over the part that hurts and see how quickly you will be free from discomfort.

Tysmol is a soothing, healing absorbent that goes in through the pores and drives out inflammation which has settled in the nerves. The minute you rub it on you can feel it beginning to relieve. Pains and aches soon stop, congestion is removed, and soreness and inflammation gradually disappear.

Although Tysmol is put up especially for nerve pain and inflammation, sufferers have found it equally good for taking the misery out of stiff, swollen or aching joints. Also fine for lame back and muscular soreness. Pleasant, harmless and easy to use. Don't fail to try it if you want genuine, lasting relief. You get a liberal supply for $1 at any drug store. SMITH FORCES OPTIMISTIC AS RITCHIE QUITS

(Continued From Page 1)

lieved here that the followers of Senator James A. Reed of Missouri, would carry their fight to the convention balloting before quitting.

Possibilities for the vice presidential nomination at Houston came to the fore today in the wake of Ritchie's announcement at Baltimore.

If Smith is named, the Democrats are expected to turn to the middle west, as the Republicans did, for a running mate.

Huston Thompson, former federal trade commissioner; Senator Walsh, of Montana, and Maj. Gen. Henry T. Allen, of Kentucky, are among the westerners mentioned for second place. Many of Walsh's friends believe he would not accept, however, and two Catholics on the ticket admittedly would be too much of a strain for the party.

Houston Awaits Brown Derby Delegation

By PAUL R. MALLON
(United Press Staff Correspondent)

HOUSTON, Texas, June 19.—A fresh pine board convention hall and an eager southwestern metropolis today awaited the coming of the brown derby battalion from New York.

Headquarters for Gov. Alfred E. Smith were set aside on the mezzanine floors of the Rice hotel, opposite the rooms of Senator James A. Reed, of Missouri. The Smith leaders are due here tonight.

The first statement of the convention was issued last night by Ed S. Villmoare, treasurer of the Reed organization, announcing "we have come to Houston to use every honorable means to make Senator Reed the Democratic nominee."

Few of the favorite son candidates are expected to open headquarters. Democratic leaders feel that little remains to be done except assemble the delegates. They do not see any way whereby Smith's nomination can be stopped.

Houston, meanwhile is more interested in entertaining visitors from Manhattan than in the politics of the situation. They want to see what a brown derby looks like. With true southern hospitality they want to make the convention a big party.

The town band meets all the arriving delegates with a medley of tunes ending with "Dixie."

The Tammany club has a cubby hole office in one of the downtown office buildings, but it is taking no part in convention arrangements. Clem Shaver, chairman of the Democratic national committee, meets newspaper men twice each day to tell them that he knows nothing of interest.

Corbett Defeats Zivic On Points

SAN FRANCISCO, June 19.—Young Corbett, of Fresno, used his famed left punch so successfully here last night against Jack Zivic, of Pittsburgh, who came to San Francisco with a reputation as a fast weiterweight, that he was given an unquestionable decision over the Easterner in a 10-round battle.

STATE DAIRY INCREASE NETS MANY MILLIONS

Breeding, feeding and weeding of California dairy cows will result in an increased income to the farmers of the state amounting to $24,000,000 a year if the present schedule of development is maintained until 1930, B. H. Crocheron, director of agricultural extension work in California, stated today while on a visit in Santa Ana.

The official conferred with Harold Wahlberg, farm advisor, and W. M. Cory, who is in charge of poultry and dairy extension activities here.

Crocheron stated that the extension department set out in 1920 to increase butterfat production 45 per cent by 1930. Today, he declared, the process is going ahead according to schedule. The production per cow has risen from 183 pounds to 289.2 pounds. If the attempt meets with success, California cows will be producing each year enough to pay the interest on $400,000,000, the cost of building the Panama canal.

Dairying should be a fundamental industry in California, Crocheron stated, and it must develop to form a background to maintain the horticultural industry. He was accompanied by R. D. McCallum, farm advisor of Placer county, on his regular inspection tour. He expects to go to Los Angeles tomorrow.

NEW HOSPITAL DRIVE STARTS ON WEDNESDAY

Campaign plans for funds for the building of the St. Joseph's Catholic hospital on Steward Drive, have reached all parts of the county and are being met with approval at all points, in the opinion of G. R. Ravenkamp.

"Influential workers from every denomination and profession have offered the aid of their services and an epidemic of good feeling is running through the campaign," Ravenkamp said.

Reports from the various committees state that it demands real effort to check the force urging them to open the drive before the appointed time, June 20, but this date will stand, it was said.

The work on the hospital building is progressing steadily. The excavation work has been completed and today preparations for the concrete foundation are being made.

PRESTON DIVORCE DECISION UPHELD

LOS ANGELES, June 19.—The decision of Superior Judge Valentine, in granting a divorce to Albert Henry Preston, Detroit millionaire, has been upheld by Superior Judge Schmidt.

Attorneys for Mrs. Gertrude Henry protested Judge Valentine's ruling on the ground he was prejudiced, but Judge Schmidt found the charge untrue, he said, after a brief hearing.

Mrs. Henry said she would appeal the case.

$1315 PAID BY DEFENDANTS IN ROOSTER CASE

Because a number of men loved to see game roosters fight to the death, Orange county netted $1315 yesterday.

The money represents fines levied against 71 Mexicans and two Americans in Justice Kenneth Morrison's court, who were arrested by deputy sheriffs and Fullerton police officers Sunday afternoon when a cock fight was raided near Buena Park.

Seventy-four Mexicans were brought to jail in moving vans after the raid, but three were released by Morrison, who learned that they had come to the scene of the fight after officers had rounded up the joy makers.

William Shipman, San Diego, arrested after all the others had been booked at the jail, yesterday, was judged by Justice Morrison as the promoter of the fight and was fined $250. He paid the fine. Seventy-one Mexicans were fined $15 each, and J. Monto, Wilmington, who told Harry Carter, deputy sheriff, that he was a representative of Bob Shuler, was given a $25 fine.

All of the defendants were brought into Justice Morrison's court at the same time yesterday. It was the largest gathering of defendants in the court at one time, and deputy sheriffs were forced to clear the entire room of spectators in order to make room for the defendants.

And while the court room was crowded, the lawn of the court house was filled with women and children, awaiting the verdict that would affect their husbands and fathers. The court house yard resembled a Mexican festival. Many brought their lunches and made a day of it.

Youth Bound Over On Check Charge

Waiving his preliminary examination, Alfred H. Clift, 20, Santa Ana, charged with issuing fictitious checks, was held to answer to the superior court in Justice Kenneth Morrison's court this morning. Bail was fixed at $1000, which the defendant did not make.

Clift also faces fictitious check charges at El Centro and will be taken there when the cases here are disposed of, according to Sid Smithwick, assistant chief of police, who arrested the youth.

SOFT PEDAL ON LOUD SPEAKERS, COUNCIL'S AIM

Can unnecessary noises on the streets be regulated by legislative action of the city council?

Charles D. Swanner, city attorney, answered this question in the affirmative at the meeting of the city council last night, and as a result, first reading was given an ordinance designed to provide authority for the legal squelching of disturbing noises.

The sidewalk loud speaker radio is the culprit the council is driving at, and the city attorney says "he" can be subdued. The subject of disturbance of the peace by the street radios in front of radio agencies was brought up on a protest signed by 75 business men, who declared that continual operation of the radios with loud speaker attachments was a nuisance and a handicap to their respective business enterprises.

Instances were cited by councilmen where two or more loud speakers are in operation in one block, and comment was made that it is impossible to carry on conversation in the ordinary conversational tone in offices in second and third stories of buildings located near the point where the loud speakers are in operation.

The ordinance is scheduled to be adopted at the meeting of the city body Monday evening and 30 days thereafter will become effective. It then will be up to dealers to either tone down their machines or test the legality of the ordinance.

With Mrs. T. E. Monreal complaining against operation of a rock crushing plant at the end of Logan street, Councilmen Stanley Goode, W. J. Kelly and Homer Chaney were appointed a committee to make special investigation of the situation and report at the next meeting.

Asserting that they were misinformed when they signed the petition as to the number of residents on the street who wanted ornamental lights, W. F. Greenleaf, C. A. Greenleaf and A. Gustlin, filed a communication requesting that their names be removed from the petition asking installation of ornamental lights on Greenleaf street, from Seventeenth to Santa Clara. Withdrawal by these owners reduced the frontage represented to 42.76 per cent. The protest represented 44.35 per cent. Consideration of the petition was dropped and intimation was made that it would not be further considered unless a majority of the frontage on the street is represented on a petition asking for the improvement.

The Robertson Electric company was given permission to install an electric sign at 2321 North Main street.

Request of Mrs. L. M. Tinsley for permission to operate a box lunch business at her residence, 907 West Highland, was referred to the planning commission.

Approval was given requests for rezoning of the corner of Tenth and Riverine, and Van Ness, from Eighth to Lime streets.

The council voted appropriation of $200 and donation of the services of the Santa Ana municipal band for a Fourth of July celebration here. The action was taken at request of the Spanish-American War veterans and G. A. R.

Action was continued for one week on a petition for annexing a block south of Santa Ana.

Plans and specifications were adopted for paving Ross street, Washington avenue to Seventeenth.

SIX UNITS MAY BE EARNED IN SUMMER CLASS

The Cumnock extension course, which will receive registrations this week at Julia Lathrop junior high school, offers the possibility to students of earning six units of credit, including four in education. These are regular college credits, according to H. G. Nelson, principal of Julia Lathrop school, who will offer a course in tests and measurements.

Other courses available are interpretation of folk lore, contemporary poetry and short story writing by Miss Robert Ethel Phillips, and art for grades from 1 to 9, crafts, and visual education, by Miss Hazel Nell Bemus.

Classes will be held in the Lathrop school, beginning each morning except Saturday at 8:30 o'clock.

ASSERTED OIL TOOL THIEF AT ATWOOD HELD

Alleged to have been caught "red handed while burglarizing the store of the Republic Supply company, Atwood, at 2 a. m., today, Floyd Johnson, 25, 730 California avenue, Venice, was arrested and is being held in the county jail on a burglary charge.

Johnson was caught by John Bradbury, manager of the store, according to a report made to sheriff's officers.

According to the story told A. L. Steward, deputy sheriff, who was called to Atwood to bring the prisoner to the county jail, Bradbury noticed a number of tools piled outside the building. He investigated and found Johnson, he reported.

Entrance to the building was made through a side window, and Johnson cut his hand at the time, officers said. The tools taken from the place, all oil tools, were valued at $200.

Pennies Stolen By House Thieves

Thieves who broke into the home of Mrs. Clara L. Crow, Orangethorpe yesterday, stole a glass filled with pennies and ransacked the entire house, according to a report filed at the sheriff's office.

A. L. Steward, deputy sheriff, who made an investigation, reported that the burglary was committed by children in the neighborhood.

LARGE CAST TO PRESENT SCIOT SHOW JUNE 26

When the cast of leads in "Who's Who," the Sciots peppy musical comedy, is announced, Santa Ana is going to be surprised at the array of fine talent that has been brought together for the presentation of this famous collegiate extravaganza, according to the director.

Many who have seen rehearsals claim that the cast playing the leads in "Who's Who" is the best that has been brought together for a local show in this city in recent years, and the fact that "Who's Who" gives members of the cast a wealth of opportunity to show their calibre in putting over the rich comedy of the play, a show of exceptional entertainment can be expected, it was declared.

Besides the cast of leads, approximately 40 others will be seen and heard in the many attractive collegiate dances, college yells, and peppy musical numbers of the campus and fraternity house scenes of the show. From curtain to curtain "Who's Who" is alive with the spirit of the university, and is said to be one of the most entertaining musical shows on the stage.

The dates of the Sciots' show are Tuesday and Wednesday of next week, June 26 and 27. All All seats are reserved, and reserved seats go on sale Saturday morning, at the Santa Ana Book store.

Presbyterians In Easy Ball Victory

Merle Youel had too much on the ball for the First Christians last night and the First Presbyterians scored an easy 31 to 5 victory in the Santa Ana Church Playground baseball league, advancing a notch in the Y. M. C. A. standings.

The Presbyterians made at least one run in every inning and made 10 in the fourth, eight in the fifth and seven in the third.

Condition Of Car Victim Critical

The condition of Fernando Grigo, 30, Wintersburg, seriously injured yesterday morning when the automobile in which he was riding with Masadorio Fabian, 45, and M. Apaurio, Wintersburg, overturned on the Stanton road, was unimproved today and little hope was held for his recovery, according to attendants at the county hospital, where he was taken.

Grigo suffered a fractured skull and has been unconscious since the accident. The car turned over in a ditch when a rear tire blew out, it was reported.

Fabian also was seriously injured, but will survive, it was said.

Whose fault . . . when love fades?

Strange, what little things so often kill romance. Careless little things! Unconscious slips that creep in to mar treasured illusions. So unsuspected, the guilty one rarely guesses the truth... *until it is too late.*

Can anyone afford to risk body odor?

BODY ODOR is a fault that not even love can excuse or overlook.

Before this tell-tale offense, the most ardent affection may turn cold and fade away. In both our social and business life, body odor may be a serious menace to happiness.

And yet—*not one of us is safe from body odor.* To live, we *must* perspire. Even on cool days, our millions of pores continually give off invisible perspiration—often as much as a quart of waste each 24 hours.

Body odor betrays—without warning the offender

This body moisture, whether visible or invisible, is always odorous. And it spares no one. Men or women—regardless of occupation or position in life—all may offend unless they take precautions.

And very often we may be guilty—*without knowing it.* For, once an odor becomes familiar to us, our own sense of smell becomes deadened to it. This misleads many people, even fastidious ones, into thinking they are safe—when actually they *do* offend.

Why take chances?

But there's no excuse for this unpardonable offense now. Just wash and bathe often with the delightful toilet soap that millions enjoy—Lifebuoy—it *deodorizes.*

The same gentle and abundant antiseptic lather that helps protect health by removing germs—prevents body odor by purifying pores.

Lifebuoy's mild purity makes it ideal for complexions, too. It keeps skins clear and glowingly fresh. Millions use Lifebuoy for every toilet purpose.

What a clean scent!

You will learn to love Lifebuoy's pleasant *clean* scent, which tells you Lifebuoy purifies, and which vanishes as you rinse. Use Lifebuoy a week and you'll use it for life. Get some today.

ACTIVITIES OF "Y" DESCRIBED IN QUARTERLY

Published today, the July number of the "S. A. Y. Man," official organ of the local Y. M. C. A., presents an attractive story of the doings of the "Y" in Santa Ana and throughout the world.

This periodical is published quarterly through the year for the information of members and friends of the association. It carries two pages of local news, and two of more general interest.

Featured in this issue is the boys' camp which opens on Thursday of this week at Osceola in the San Bernardino mountains. A picture is shown of the Lions' lodge, the principal building at the camp, provided through the co-operation of the Lions clubs of Orange county and supplemented by a number of cabins for sleeping quarters, erected through the generosity of various clubs and individuals. Fifty-six boys are listed as having registered for the camp which starts this week.

Announcement is made of the purchase of a chlorinator equipment for the swimming pool, which is being installed as an additional measure to safeguard health. The "Y" pool has been kept in the finest condition ever since its opening, and by means of filtration and sterilization of the water, it is uniformly maintained as entirely safe for drinking. The new chlorinator, installed at the suggestion of the county health department, is a modern apparatus for automatically keeping the water at just the right point for safety.

The schedule of activities for the physical department provides for nearly 50 scheduled classes or special periods in gymnasium and swimming pool each week, not including the full schedule for women and girls on Tuesdays.

An invitation to learn to swim is presented by Physical Director R. R. Russick, whose ambition it is to have "every member a swimmer, and every swimmer as life saver."

A picture of the Hi-Y club, one of the useful activities of the local Y. M. C. A., promoted by Secretary McKee, and supervised by L. R. McMullen, of the high school, indicates the fine group of young men who are being trained for service and good citizenship through the "Y" program.

A quotation from President Coolidge's address at the 150th anniversary of Phillips academy at Andover is made the basis of an appeal for a deeper spiritual note in educational systems and institutions.

'For our chartered institutions of learning to turn back to the material and neglect the spiritual would be treason, not only to the cause for which they were founded, but to God and man," said the president. "The whole foundation of enlightened civilization in government, in society and in business rests on religion."

A report is given of an expedition of Bulgarian boys, who, under the auspices of the European Y. M. C. A., are now in Denmark for a period of 17 months of study of practical and theoretical farming. Twenty-nine boys are on this project, having left their homes in Bulgaria on April 1. They spent a month at the Danish agricultural school at Copenhagen, learning the rudiments of the language. Then they were parcelled out to farms throughout Denmark, to live and work as Danish farmers for the summer. In October, the boys will return from the farms to enter the agricultural school again, and next summer they will return for further practical work on the farms. The experiment is being watched with great interest, as a successful outcome will mean that other groups of boys may have similar privileges. The Y. M. C. A. is managing the project and caring for the boys.

Thus, with local news and comment, together with world-wide information, the "S. A. Y. Man" goes out to its subscribers to carry a wealth of inspiration to those who are members and friends of this organization.

A front page feature is a message of greeting from W. V. Whitson, recently elected president of the Community chest. He says:

"To promote community co-operation, eliminate wasted effort, and provide adequately and efficiently for the support of the local welfare organizations is the business of the Community chest. The Y. M. C. A., great in service, and great in influence, is an important factor in the work of the chest. As we shall go out in the coming fall once again to ask the community for its aid in supporting these agencies, we shall look for the association to give its accustomed, whole-hearted and effective aid in the once-a-year community enterprise."

How Much Water Should Baby Get?
~A Famous Authority's Rule
By Ruth Brittain

Baby specialists agree nowadays, that during the first six months, babies must have three ounces of fluid per pound of body weight daily. An eight pound baby, for instance, needs twenty-four ounces of fluid. Later on the rule is two ounces of fluid per pound of body weight. The amount of fluid absorbed by a breast fed baby is best determined by weighing him before and after feeding for the whole day; and it is easily calculated for the bottle fed one. Then make up any deficiency with water.

Giving baby sufficient water often relieves his feverish, crying, upset and restless spells. If it doesn't, give him a few drops of Fletcher's Castoria. For these and other ills of babies and children such as colic, cholera, diarrhea, gas on stomach and bowels, constipation, sour stomach, loss of sleep, underweight, etc., leading physicians say there's nothing so effective. It is purely vegetable—the recipe is on the wrapper—and millions of mothers have depended on it in over thirty years of ever increasing use. It regulates baby's bowels, makes him sleep and eat right, enables him to get full nourishment from his food, so he increases in weight as he should. With each package you get a book on Motherhood worth its weight in gold.

Just a word of caution. Look for the signature of Chas. H. Fletcher on the package so you'll be sure to get the genuine. The forty cent bottles contain thirty-five doses.—Adv.

TARVER TO ATTEND TEXAS CONVENTION

Ben E. Tarver, 1906 North Main street, one of the leading Democrats of Orange county, and a member of the county Democratic central committee, will leave Saturday for Houston, Texas, as an alternate to the Democratic national convention.

So far as is known, Tarver is the only Democrat from Santa Ana who will attend the convention. Several leading Republicans here contemplate making the trip but have not definitely decided, due to trouble they have experienced in obtaining tickets.

In going back to Houston for the convention, Tarver is returning to his former home, another reason for his desire to attend. He said today that members of his family may accompany him.

Tarver is a strong Smith backer.

AUTO CONCERN OPENS JUNE 21 IN SANTA ANA

The Nash-Eib Motors, Inc., newly appointed Nash distributors for Orange county, will open for business at locations in both Santa Ana and Anaheim on Thursday, June 21, which is also the day the new Nash "400" series will be announced and publicly displayed. In Santa Ana the new concern will maintain Nash sales and service headquarters at 902 North Main street, while the Anaheim quarters will be at 336 South Los Angeles street.

Calvin C. Eib, proprietor of the new company bearing his name, is a pioneer of the automobile business, having begun with the agency for a steam car in San Francisco 'way back in 1899 when the horseless carriage was the butt of many a jest and the conservative and substantial citizens deemed the new invention impractical.

During the past 29 years Mr. Eib has engaged in the automobile business in other cities, such as Detroit, Cleveland, Seattle and Los Angeles. Although not a native son, though he says he ought to be, having been born on September 9, California's admission day, his heart has always been in California and he considers Orange county the agricultural heart of the Golden state.

NATIONAL PARK SCENES SHOWN TO CLUB WOMEN

Travel was very much the theme at yesterday's meeting of the Business and Professional Women's club at St. Ann's Inn, for not only did Miss Doris Robbins gave a graphic account of her trip into Vancouver with her mother, Mrs. C. M. Robbins, but Mr. and Mrs. A. T. Jackson, of Los Angeles, gave an illustrated talk on some of the national parks of the west.

Miss Robbins' story of her vacation outing was spiced with her usual humor, and Mrs. John Tessmann, president of the club, voiced the welcome of all the members to one who has played such a prominent part in the organization, and who was the first president.

Miss Grace Roberts of the June program committee, presented Jackson, district passenger agent of the Union Pacific lines, and Mrs. Jackson, who aided him in his talk, by working the projecting machine for the scenic slides.

Starting with Zion National park, Jackson took his hearers through Bryce canyon, to the rim of the Grand Canyon and Cedar Breaks during the first period, and to Yellowstone National park as the concluding feature. The pictures illustrating the talk were colored realistically, and gave remarkable views of some of the wonderlands of the west. Bryce canyon, dipping a thousand feet into the earth, its various outstanding features including "the Grotto" between whose walls may be glimpsed the stars at mid-day, so high they are; and the various castles and cathedrals of the vast park, were shown.

In Zion National park, stress was laid on the beauty and impressiveness of the Great White Throne, while other magnificent spots shown included the Kaibab National forest on the north rim of the Grand Canyon.

Views of the Yellowstone were clear and brilliant, and gave the clubwomen a splendid idea of the extent of the park, and the interesting features of the various geysers. The falls, 300 feet in height, or twice as high as Niagara, were shown, as well as views of the valley and the surrounding countryside.

The time seemed all too short, and Mr. Jackson very kindly offered to return at some future date, and show more of his scenic slides and tell of other beauty spots of the vast park system. His engagement yesterday was through the courtesy of Jay V. Connett, local passenger agent of the Union Pacific.

OFFICERS OF COUNTY BUSY WITH BUDGET

Officials in the various departments of Orange county's government were busy today preparing their annual budget forms. Statistics covering the last two years and 11 months, compiled by the office of County Auditor W. C. Jerome, are at their disposal in determining their financial requirements for the next year.

Two large boxes containing forms on which the budget system will be based, in accordance with the new budget act, were being opened and the officials were acquainting themselves with the new requirements.

The departments will file their statements for compilation by the auditor by July 14. Jerome has sent letters to each officer, explaining the operation of the new plan. Three main divisions are used for classifying expenditures: Salaries and wages, capital outlay, and maintenance and support.

The fiscal year ends June 30 and the new system will begin on July 1. For a number of years the county has been run on the budget basis and the shift will mean only changing of forms and making adjustments to the requirements of the budget act of 1927.

Placentia Weeds Will Be Burned

PLACENTIA, June 19.—With A. Ipsen acting as temporary chairman in the absence of Mayor Easton, the board of trustees met in usual session Monday night. Mrs. Nellie Cline, clerk of the board, was absent. Clarence Halber filled her place.

Police officer Jess Buckles was authorized to arrest any child or grown up who used fire works in the city before the Fourth of July. Notices to that effect will be posted. Property owners who failed to heed the notices sent them to clean empty lots will have the work done for them at their expense. The city marshal is authorized to have the work done, since the dry grass and rubbish on the property is a fire menace.

C. E. Perdue, new editor and owner of the Placentia Courier, attended his first meeting of the local council and was warmly welcomed by those present.

Owing to the absence of part of the members, the bids for city printing and all other business was held over until next meeting.

ORANGE RETAIL DEALERS HEAR SALES SPEECH

ORANGE, June 19.—Predicting keen competition in the retail business for the coming year and the success of the merchant who did not become discouraged by business conditions but kept in close touch with his business, E. F. McDonald, manager of the domestic sales department of the Los Angeles Chamber of Commerce, was the principal speaker at the first regular meeting of the Orange Retail Merchants' association at the American Legion hall here last night.

The constitution and by-laws of the association were formally adopted, the dues being set at $1 a month. Meetings are to be held the third Monday of each month.

It is the plan of the organization to have one speaker on the program for each meeting and to have the session continue for not more than two hours. Vern Barger, president of the association, has formulated definite plans by which the association will work in the interests of the ranchers through the farm bureau.

Dinner was served by the American Legion auxiliary. A number of matters were brought up for discussion.

SKULL SESSIONS GO BIG

Every morning the old and the young who do the throwing for the Cincinnati Reds gather with their boss and decide what is to be thrown that afternoon if there is any throwing to be done.

Hendricks says they discuss the merits and demerits of all the enemy hitters, outline their attack and then go out and do it and they usually win when the rivals don't cross 'em.

This is not a new system. Ed Barrow says he used to do it when he was handling the Boston Red Sox. He remembers one occasion well.

"We were playing the Cubs in the world's series," Barrow tells, "and everyone was expecting me to start Mays. I thought I'd cross 'em and told the Babe to work. We got the Babe and called the roll of the whole Cub lineup. We told him just what to do and warned him to look out for Mann, the most dangerous hitter on the club. We suggested that it wouldn't do any harm to dust him off and get him back from the plate. And when the Babe went out we reminded him again to dust Mann off if he came up in a pinch.

• • •

RUTH GOT HIS MAN

"The Babe went all right until the fifth inning, when they started to get him. Flack came up to the bat. The Babe looked him over carefully, wound up deliberately and let one fly right at Flack. The ball hit him right between the eyes and bounced away down back of first base like a batted foul. They had a time bringing him around and the crowd was sore at us.

"When Ruth came in after getting the side I asked him what in the devil he meant by doing that and he roared back:

"'What the —— you kicking about, you told me to dust him, didn't you?'"

• • •

HOW ABOUT BIG STRIKE?

With the purchase of the Jersey City International league club the New York Yankees will come into the legal possession of 80 of more ball players who will not have to be kept under cover. It will also give the crumbling champions another farm to develop some players for 1932.

No one expects the Yankees to accede to that roar from the west to break up their ball club this year, but they could make the race a little more even by switching teams and letting the Skeeters play out the Yankee schedule after July 1.

There really are some serious suggestions being made in the west that Commissioner Landis force the Yankees to put Lary and Reese, the $125,000 coast beauties, at the disposal of the other clubs.

It is understood that the Yankees will co-operate to the extent of giving the two great youngsters to any other club that will give them the pick of their boys in return.

NO DISCIPLINE ON U. S. SQUAD AT 1924 MEET

Coach Robertson, Promised Full Authority, Expects No Difficulty This Year

By HENRY L. FARRELL
NEA Service Sports Writer

Lack of discipline, because there was no central authority and disregard of small but important details in the arrangements handicapped the American athletes who were successful in winning the 1924 Olympic games by a comfortable margin. It should have been a much larger margin.

It has been pointed out many times that better ends could be obtained if the team should be handled in units instead of one big unit. That is to say that the management would be easier if the swimmers, the track and field athletes, the boxers, wrestlers, fencers, etc., were not all thrown together. This could be done but it would take much more money and for that reason would not be practical.

With all the athletes together social distinctions are drawn. Athletes of one group look down upon athletes of another class. The Yale rowing crew, for instance, would not live with the team in Paris and had its own exclusive quarters. They were entitled to it, however, as they paid the bills, but it caused hard feelings.

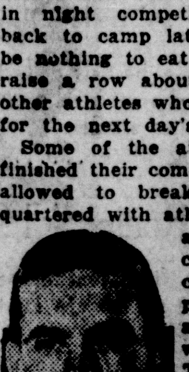
Cases of Petty Larceny

There were many cases of petty larceny around the camp and the boxing squad was suspicioned just because they were boxers. Some of the wrestlers made a show out of themselves in public places in Paris and the whole squad was looked down on for it.

The athletes who lived in the "Olympic village" were looked upon as pets and the less favored lads in the big camp thought they were entitled to go their own way in like fashion.

There was no care taken in allotting space to the athletes. The boxers and wrestlers who engaged in night competition would get back to camp late. There would be nothing to eat and they would raise a row about it and awaken other athletes who needed the rest for the next day's competition.

Some of the athletes who had finished their competition and were allowed to break training were quartered with athletes in training and naturally the care-free boys could not be expected to sit around like they were in a church. There should have been separate places for non-combatants.



Henry Farrell

Athletes could sneak off to Paris and if they missed the last bus for the camp they could go down and share a bunk with an athlete in the "village" and wake up the whole village.

The night before one of the most important relay races, two of the star competitors were up all night in Joe Zelli's place in the Montmartre, but they went out the next day and helped break the world's record. So, under such circumstances, when athletes were not training and did their work just as well the coaches could say nothing. But others tried the same loose way of living, failed to make good and would not accept any criticism because the stars were doing it.

Robertson Warns Candidates

There are reasons to believe, however, that no such loose discipline will exist this year in Amsterdam. Lawson Robertson, the head coach, already has warned the candidates for the team that they will be forced to obey, and Amsterdam will not offer the temptations that Paris had.

The Olympic expedition this year has been planned in a more businesslike way. Robertson was sent to Holland last year to look over the situation and his recommendations were adopted in whole by the committee.

The team will be quartered on the ship that takes it to Holland, and that will give the opportunity for close supervision and now that Robertson seems to have been given the proper authority it is a cinch that he will exercise it. And there will not be a man on the squad too big physically to give him any back talk.

COURTHOUSE IN CHALLENGE FOR FIRST DIVISION

Continuing their determined challenge for a place in the first division of the Santa Ana Twilight league, the Courthouse whipped Peek's market, 10 to 6, at the Sixth and Olive Bowl yesterday. This was the third straight victory for the Parliamentarians.

Ray Bradfield hurled another of his consistent games for the winners. He was touched for 10 safeties but few of them came in bunches and outside of the third and seventh innings was virtually invincible. Orlyn Robertson was reached for the same total of bingles but was wilder than Bradfield and his support was nothing to brag about.

The Auto club of Orange County meets the City Hall today. Shell Oil plays the Smart and Finals tomorrow. The box score:

CHANNEL SWIM SEASON NEAR: BALLYHOO ON

BY ROBERT C. DOWSON
(United Press Staff Correspondent)

DOVER, Eng., June 19.—The numerous feasts of first class, international sport on terra firma throughout Europe are detracting nothing from the glories of the Channel swimming season, now getting under way here.

The Olympic games, the Tailteann games, the Wimbledon tennis championships, and the clashing of Americans and British Olympic athletes in London are giving European sport fans the greatest show in sporting history, but the hardy annual channel swimmers turn up for their share of the limelight just the same.

Hotel proprietors, motor-launch and automobile owners here have their plans all made for reaping a rich harvest from prospective conquerors of the channel, newspaper organizations, and movie outfits. Bill Smith, hiring a motor-launch for a pleasure trip while on vacation, gets out at a very reasonable figure, but Bill Smith, the journalist, photographer or movieman, needs a fat check book when he follows a channel swimmer in the same launch.

Tents On Beaches

The Dover corporation has again had two special tents set up for channel aspirants on the bathing beach, and every day numbers of amateur photographers and autograph hunters are busy taking snapshots of their heroes and heroines, and getting their signatures.

Hopes were entertained here that a great race across the channel, from Dover to France, between women of the United States, Britain, France and Norway, would be organized, but so far there are no signs of these hopes materializing.

There is still plenty of time for this contest to be arranged for the records show that all successful attempts on the tides and currents of the English channel have been made in August and September, while last year Miss Mercedes Gleitze., the London typist, and Mrs. Ivy Gill, of Sheffield, claimed to have beaten the elements in chill October.

Both these swims, however, were made from France to England, and no swimmer has been successful in the reverse direction since the popular American, Henry Sullivan, accomplished the feat August 6, 1923. Sullivan's time of 20 hours 50 minutes is still the record for the England-France crossing, while the Frenchman, Georges Michael, claims the fastest time for the trip from the French side of 11 hours 5 minutes. Gertrude Ederle's 14 hours 34 minutes is still the best performance by a woman.

English Girl an Aspirant

At least one girl is confident of creating a new record this year. Miss Laddie Sharp, 17-year-old Eton cropped Brighton girl, has been doing some strenuous training in her home waters, during which she put up new figures for the swim from Rottingdean to Brighton pier.

Mercedes Gleitze is this season turning her attentions to the Irish channel, which she hopes to swim at the end of this month. She intends to start from Port Patrick in Scotland and land at Donaghadee in Ireland.

Others who are gathered in their training camps, awaiting suitable opportunities to start across the English channel are Mrs. Ivy Gill, Miss Millie Hudson, Frank Perks, the Birmingham crack, and J. Fellows, of Rotherham. Numerous others, including foreigners, are expected to arrive on either side of the channel later in the season.

PERHAPS IT IS O.K.

Ab Wright, star Oklahoma A. and M. athlete, will travel with the St. Louis Cards this summer gaining pointers but won't turn pro because he wants to play football next fall. He's a pitcher and is all set for joining the Cards when he gets through college.

PRIZE PICK-UP

Ask any fellow who knows his stuff for the name of the best youngster to break in the Pacific Coast league this year—and he will tell you Gordon Rhodes. Just off the University of Utah campus with his assortment of curves, Rhodes has been a steady winner for the Hollywood club and already has caused the Philadelphia Athletics to make some fancy offers for his contract. They say he's ready for the majors.

RUSH OF CARDS TO LEAGUE TOP IS SENSATION

NEW YORK, June 19.—The rush of the St. Louis Cardinals to the top of the National league where today finds them enjoying a tidy little lead, has been the outstanding feature of the pennant race so far this month.

Hustling, winning baseball got the Cardinals out in front just when the fight for the flag was hottest. Against strenuous opposition they have rolled up a winning streak of eight consecutive games and they have Jess Haines and Flint Rhem ready to fire at the hapless Cincinnati Reds, whom they supplanted as league leaders last week.

Winning extra inning games and others by one-run margins, the St. Louis club has had to battle hard for its advantage every base of the way to the top.

There are a number of reasons for the success of the Cardinals. One is that Bill McKechnie, Cardinal manager of the new league leaders has not interfered with the diet of Grover Cleveland Alexander, who is just about the best pitcher in baseball when no one tries to tell him what he shall eat or shall not drink.

ALEXANDER

Then there is Walter Roettger, rookie right fielder, who came up from Houston to win himself a regular berth in St. Louis by some of the current season's hardest and most consistent hitters. Roettger is one of the real finds of the year.

Frankie Frisch is playing some of the brand of ball that made St. Louis forget about Rogers Hornsby and Jim Bottomley has become a positive menace as a home run hitter.

But if there must be found one paramount reason for the rise of the Cards this spring, that reason is "Rabbit" Maranville. The 35-year-old shortstop is putting on a form reversal which is little short of phenomenal.

BUTCHERS FALL BEFORE OCHOA: KINSLOWS WIN

"Zuse" Ochoa, Anaheim's contribution to Santa Ana City league night baseball, gave thenatives another look at his fancy assortment of pitching material in the Sixth and Olive Bowl last evening and forced Seidel's market to concede that "Zuse" knows his cookies.

Fanning 13 and letting only five hits out of the bag and no runs after the first inning, the Anaheim ace led Kinslow's Machine shop to its first victory in the lunar pennant chase. The score was 6 to 2.

Bill Middlebrook got a life on Prather's error in the first and "Rusty" Sullivan singled him along and Ochoa lost control temporarily, wild pitching in both runs while he was whiffing Warren Sullivan and Van Hoy.

From then on, "Zuse" was tighter than a drum and never allowed more than one Butcher on base at a time. "Tex" Bergman, the Seidel gunner, held the Kinslows until thethird when, with two dead, Gordon was safe on Bowe's error and Johnny Lutz propelled a home run, knotting the count.

The Kinslows refused to remain deadlocked long, however. They combined enough base knocks and took advantage of enough Seidel boots to score four times in the fourth, run their lead up to 6-2 and hold it at that point the rest of the night. Carl Lacy was safe on Bowe's error to start the frame. Holmes popped out and Johnston drew a pass. Valente fanned but Ernie Jiles cracked a double, scoring Lacy and Johnston and "Babe" Gordon slapped out a triple, registering Jiles. Another error by Bowe on Lutz's drive enabled Gordon to bring in the fourth count of the frame. The box score:

PANDORA FOOLS YACHT EXPERTS AND WINS RACE

The yacht Pandora of the Newport Harbor-to-Honolulu race crossed the Diamond Head finish line unwelcomed and unsung and now is regarded as the winner of the race, it developed here today.

The Pandora, entered by H. W. Rohl, finished at 10:47 p. m. yesterday after the aloha committee had retired. It was spotted about midnight by a tower watchman on shore and a tug was sent to tow it to dock.

If the time of the Pandora is accepted, as yachtsmen believe, it will better that of the Lazard Lippman's Talayha first boat into Honolulu.

The contesting yachts left Newport Harbor at different intervals and the winner is to be figured on a comparative basis.

CALIFORNIA IS FEARED BY ALL EASTERN CRAFT

Seven Strong Crews Clash On Hudson with College Championship at Stake

BY GEORGE KIRKSEY
United Press Staff Correspondent

POUGHKEEPSIE, N. Y., June 19.—As the sun begins to sink behind the Hudson highlands this afternoon, seven stout-hearted crews will dip their oars into the Hudson river and row four heartbreaking miles for the intercollegiate championship.

"Can Columbia repeat?"

That was what a crowd upwards of 60,000 wanted to know. Thousands of undergraduates sporting light blue and white feathers in their hats were willing to bet money, marbles, or chalk that the Columbia craft would slide across the finish line in front of California, Washington, Pennsylvania, Navy, Syracuse and Cornell.

Experts Disagree

There was a difference of opinion between the Columbia boys and the rowing experts, and the latter favoring the powerful California crew covered the New York boys' money without much ado.

Anybody's race for three miles, but California or Columbia after they pass the towering suspension bridge and swing into that last, long gruelling mile. That's what they were saying around the Nelson house.

Pennsylvania, coached by crafty "Rusty" Callow, whose Washington crews won three times and finished second twice in the last five years was not overlooked in the pre-race discussion and it was agreed that if Columbia and California rowed their hearts out against each other, Penn might be the crew to sweep in and lead the pack home.

Four Giants in Bear Crew

Down in the engine room of the California ship there are four giants, Frank Frederick, Jim Workman, Bill Dalley and Bill Thompson, who have the power to stand off any crew in the race, but will they?

California has a close victory over Washington and a time trial of 18:37, the best official practice time registered here, to attest to its strength.

The course record is 18:35 3-5, made by Cornell in 1901.

Young Dick Glendon's Columbia oarsmen have been attuned carefully for this test and who knows but what they'll come on to win just as they did a year ago? Columbia, having been beaten by Yale early in the season, has no reason to be overconfident.

Washington is not so dangerous as in other years, but still good enough to be a threatb all the way.

NASH

WE TAKE PLEASURE in announcing the appointment of the NASH-EIB MOTORS, Inc. (Calvin C. Eib, Proprietor) as NASH distributor for Orange County, with NASH sales and service at 902 North Main Street, Santa Ana, and at 336 S. Los Angeles Street, Anaheim, opening for business on Thursday, June 21st.

Calvin C. Eib is a pioneer of the automobile business, starting in San Francisco in 1899 as agent for a steam car. Since that time he has been engaged in the automobile business in Detroit, Cleveland, Seattle, again in San Francisco and also for a short time in Los Angeles.

In looking over the Southern California field he chose Orange County because of its strategic location and high type of citizenry, and we consider it a fortunate circumstance that at this time the Nash franchise was available for Mr. Eib, and Mr. Eib available as distributor for Nash cars in Orange County.

Mr. Eib's taking on of the Nash line is the direct outgrowth of his twenty-nine years of automobile business experience, which led him to the car offering the greatest values... the car that is produced by the sincerest manufacturer in the United States today... Charles W. Nash.

At this time Nash is on the eve of making one of the most momentous announcements in the entire history of the motor car industry, the importance of which cannot possibly be minimized, for it is said that because of its advanced design the new Nash engine will outperform anything heretofore placed on the market.

It is, therefore, a source of satisfaction to the Nash-Breyer Motor Co. that a man of the demonstrated ability and high standing of Mr. Eib will carry the Nash banner in prosperous, progressive Orange County.

With the announcement coming June twenty-first, Nash sales will undoubtedly climb to amazing levels, and it is not only the plan, but the promise of Mr. Eib and his newly created organization to provide courteous, efficient and most eminently satisfactory service to present Nash owners in Orange County, and to prepare for the host of new Nash owners who will surely follow in the wake of the far-reaching announcement.

In closing, we wish to remind the reader that all Nash models, as in the past, are equipped with the safest and surest brakes to be found on any automobile in the world today... Nash has earned an enviable reputation and public praise for the SAFETY of its brakes... What, after all, is more valuable than human life?

LAGUNA BEACH ROAD DAMAGED AS PIPE BREAKS

LAGUNA BEACH, June 19.—What might have been a rush of waters that would have taken out a portion of the Coast highway resulted in merely badly washing one side, leaving the highway weakened but passable when a 12-inch main of the Laguna Beach county water district broke Sunday.

A leak in the pipe was reported to W. V. Thompson, construction foreman of the department, who drove out immediately to Coffee Shell Beach to make an inspection. Just as he got there the big pipe parted and the water poured out, eating rapidly into the soft fill on the north side of the road.

The water in the pipe ran out in about three or four minutes, according to Thompson, but had the break been the day previous, when the pumps were operating, the quantity of water in the main would have washed out the fill across the road, judging from the damage done by the comparatively small amount that poured into it from the nearly empty pipe. It became necessary to put up warning lights on one side of the road.

Strain on the pipe due to the settling of the fill was the cause given for the breaking of the pipe. All of the tanks of the city system had been filled the day previous, so there was no water shortage.

Enjoyable Parties for Junior College Girl Before Departure

When Miss Harriet Hall leaves tomorrow morning for her home in Crawford, Neb., she will carry with her pleasant memories of two delightful evenings spent when her Santa Ana junior college friends gathered for bridge and farewells at the homes of Chester Page and Miss Helen Allen.

Sunday evening Chester Page entertained for Miss Hall with a bridge party at the home of his parents at 611 South Flower street. After several interesting rounds of bridge the guests listened to a beautiful program of radio music. In bridge Miss Hall took first prize for the girls and Walter Chandler for the men, while consolations were awarded to Miss Melba Fletcher and Jack Casey. Before they said their last farewells and wishes for a "bon voyage" the guests were served a cosy midnight supper by the host's mother, Mrs. E. C. Read.

Miss Helen Allen also complimented Miss Hall on Saturday by an evening of bridge at her home, 1907 Spurgeon street, where the same group of friends were gathered.

Those who were guests at the two parties were Miss Harriet Hall, honoree, and the Misses Melba Fletcher, Helen Allen, Juliett Evens, Helen Knox, Eula Barker and the Messrs. Walter Chandler, Jack Casey, Garald Edwards, Chester Chandler, Harry Weaverly and Chester Page.

Former Santa Ana Girl Is Wedded at Home Ceremony

The wedding of Miss Corinne Blackburn, formerly of this city, to Joseph E. Carver of San Diego, which took place Saturday at noon in the home of the bride's mother, Mrs. Maudine Blackburn, Los Angeles, will be of interest to a host of Santa Ana friends of the bride.

Only members of the immediate family were bidden to the ceremony, which was conducted impressively by the Rev. M. Wautelle, pastor of one of the Los Angeles Episcopal churches. The home was bright with flowers, and the alcove of the living room was garlanded with pink gladioluses and carnations combined with ferns, and lighted by tall pink candles as the setting for the ceremony.

Miss Blackburn wore a beautiful gown of white silk net over satin and carried pale pink rosebuds. She was attended by Miss Olive Goodman, of this city, as maid of honor, wearing pink georgette and carrying yellow roses. Mr. Carver was assisted by James Duffy of Los Angeles, as best man.

Miss Marvel Barnes, formerly of this city, played Lohengrin's Wedding March as Miss Blackburn entered the room on the arm of her uncle, Hanna Hancock, by whom she was given in marriage.

Following the ceremony was a friendly interval during which the young people received the good wishes of the wedding guests, who included Mr. and Mrs. J. William Sackman and Mr. and Mrs. Jess O. Goodman, of this city. Mr. Carver's mother, Mrs. Carver sr., of Salem, Oregon, and his brother-in-law and sister, Mr. and Mrs. Ralph Adams, were also among the guests.

Refreshments of ices, coffee and wedding cake were served before Mr. Carver and his bride left for a northern automobile trip. Mrs. Carver traveled in a compose costume of peach georgette with white accessories. Her bridal bouquet was tossed with due accuracy, and was caught by Miss Barnes.

Upon completing their honeymoon, Mr. and Mrs. Carver will welcome their friends to a cozy home at 3724 Park boulevard, San Diego. Mr. Carver is manager of one of the chain of drugstores in the southern city.

Balboa Island Home Is Setting For Smart Bridge

In extending invitations for a bridge luncheon which was given Saturday, Mrs. Fred Crowell, Mrs. C. W. Nussbaumer and Mrs. Frank Wollaston were privileged to stage their hospitality in the beautiful home of Mrs. Crowell's sister, Mrs. Vern Speich, at 910 South Bay Front, Balboa Island.

The home is so situated on the island, that it lies between the main boat channel and the bay, and the animated water scene was no small part of the afternoon's enjoyment. Quantities of orchid and yellow flowers added their charm to the spacious home, and their soft colors made a bright background for the twelve tables where luncheon was served. Ship name cards designated places for the guests, and later served for tallying bridge scores.

Each table bore a stately vessel with white sails, laden with small blossoms in orchid and yellow, and at each place were smaller sail boats with cargoes of salted nuts and mints. The delectable luncheon was served in three courses.

Bridge in the afternoon was an interesting diversion, and brought victory to Mrs. John Turton, Mrs. Ernest Winbigler and Mrs. W. S. Leinberger. The hostesses had made the prizes themselves, and all were pleated lamp shades, the first prize, for a floor lamp, the second for a bridge lamp, and the third, for boudoir use.

Asked to enjoy the hospitality of the three young matrons, and the beautiful home of Mrs. Speich, were Mesdames Rollo McCalla, James Utt, Grover Fults, Lynn Crawford, Dean Collver, Elmer Schaniel, Harold Nelson, George Parker, John Cannon, Charles Givens, Roy Glidden, Fred Merker of Ventura; Carl Edgar, Robert Deininger of Torrance; W. S. Pre-nuptial Courtesy For Miss Schraep In Berry Home

One of the final courtesies extended to Miss Minna Schraep before her wedding tomorrow night to Fred Gregory was a miscellaneous shower and bridge given by Miss Virginia Berry at her home, 2315 Oakmont avenue. Four bridge tables were placed in the large front room which was attractively decorated in green and lavender, and a delightful evening of bridge was enjoyed by the friends of Miss Schraep and her hostess. Miss Annie Tarver having the highest score, took first prize, Miss Edith Burkett, second, and Miss Dorothy Maroon was awarded consolation.

After the card games Miss Berry took her guests into the dining room where they were seated at one long table where green and lavender still prevailed as decorations. Miss Schraep was presented with an exquisite array of gifts of a miscellaneous nature which had previously been placed in a large green cut-glass bowl in the center of the table.

The girls who joined Miss Berry in honoring Miss Schraep were the Misses Lovenia O'Toole, Sara Hales, Dorothy Maroon, Melba Patterson, Emily Holmes, Alyce Majors, Olive Goodman, Annie Tarver, Lucy Holmes, Betty Ott, Barbara Wescott, Beth Wescott, Marie Carothers, Edith Burkett, Mrs. Roberts and Mrs. Francis Selway.

Two Hostesses Present Smart Garden Party And Bridge

Bridge al fresco was the enjoyable entertainment offered by Mrs. Arnold Peek and Mrs. Edwin T. McFadden, as an event of the end of the week, when the two young matrons greeted a large guest group in the gardens of the Peek home at 1612 North Broadway.

Luncheon was served as a preliminary to the afternoon of cards, and each table bore a cluster of vivid flowers to smile at those growing in the borders of the garden. Bright lawn umbrellas supplemented the cool shade cast by spreading trees, and added to the colorful charm of the affair.

Mrs. Peek and Mrs. McFadden, in graceful summer frocks, were aided in various hostess duties, by Mrs. William Stroschein, Miss Ruth Breckenridge and Miss Edith Breckenridge, sisters of Mrs. McFadden, and by Mrs. D. K. Hammond. Sixteen tables were called into service for the bridge players, among whom, Mrs. R. O. Winckler scored high, Mrs. Herbert Miller, second, and Mrs. Donald Hillyard, third.

Out-of-town guests sharing the pleasant afternoon included Mrs. Joy Leitch Gordon of Los Angeles, and Mrs. B. Marcelle of Nebraska, a cousin of Arnold Peek, who is touring the southwest.

During the interval, welcoming telegrams from Elyria, Ohio, Mrs. Snyder's destination, were read. The honor guest was to leave today for a summer in her old home.

Among the members of the Register staff who assembled for the breakfast, were Miss Kathryn Lucas, sister of Mrs. Snyder, Miss Naomi Keller, Miss Helen Lutz, Mrs. Marian Knight Mrs. Amsel McBroom, Mrs. J. F. Adams and Mrs. Cecyl H. Drake.

Piano Recital

To Appear in Recital

Mrs. Grace L. Hamil and Miss Maurie Hamil of this city have been chosen by Maude Meserve Falconer, head of the Los Angeles Nature Music school, to present their nature music pupils at the Exposition of Music given at the Ambassador hotel, Los Angeles, from June 18 to June 30.

The kindergarten children will present their program of rhythm, songs and short piano numbers Wednesday at 2:30 o'clock. These youngsters are Beryl Jean Wilson, Joan Overman, June Wild, Margaret Getty, Donald Lieberman, Fern Hill and Ralston Anderson. Friday a program of class work, solos, trios, and two piano work will be presented by Norma Daly, Betty Carlson, Nadine Boggs, Ellen Neal, Catherine Eklund, Mary Jean Stever, Lorane Dale, Ruth Dundap and Clyde and Margaret Files. On Wednesday, June 27, another group consisting of Maxine Knight, Dorothea Dixon, Edwina Maag, Jean Munro, Helen Marshall, Barbara Jane Davis, Ruth Curran, Margaret Munro, Dorothy Carlson, Rosemary Ashen, Constance Barnett, Dorothy Morthland, and Marie Morthland will present solos and two-piano numbers.

Sunday, June 24, a program will be presented at the Ambassador theater. Dorothea Dixon and Mary Jane Stever of this city will play solos. On Saturday afternoon June 30, Mary Jane Stever will play a Cementi Sonatina with Miss Hamil playing second piano.

Arline Birchard

Miss Arline Birchard presented a group of her piano pupils in a very pleasing recital Saturday evening, in the Ebell clubhouse auditorium, where the young players were greeted by an enthusiastic audience.

Selections throughout the program were attractive, appropriate to the summer season and were played by memory with fine technical skill and feeling.

Lucille Cowan played "Climbing" by MacLachlan, Marjorie Jacquer, "Curious Story" Heller, and Anna Weld, "To the Evening Star," Wagner Low. Roberta Tuthill displayed talent in "To a Wild Rose," (MacDowell) and "Gliding Fancies" (Kern), and Lloyd Gibbs playing "Valsette," by Borowski, was very pleasing as was Franklin Davis in Beethoven's "Minuet in G" and "Rocks and Hills" by Jenkins.

Martha Tuthill and Roberta Tuthill were a pleasing pair in duet work and also Helena Bailey and Margaret Baxter played duets with fine spirit.

Julienne Wolven played a minuet in E flat by Beethoven and Berceuse by Iljiusky with excellent taste. Helena Bailey gave "The Highland Laddie" (Morey) and "Birds of Passage" (Poldini) with clear pretty touch. Margaret Baxter played "Witches' Dance," by MacDowell with ease for so small a player, and "Amaryllis," (Brisson) with brilliancy.

Earl Motley was a youthful artist in two selections: "Polka de Concert" (Bartlett) and "Liebestraum" (Liszt).

Virginia Motley played solos by Nevin and "Flatterer" by Chaminade with grace and also a duet "Invitation to the Dance" (Weber) with her brother Earl.

Mildren Cowan played prettily "Cello Player" by McIntyre. Evelyn Griset was sympathetic in "Dreaming," by Schumann and "Pilgrim's Song of Hope" by Batiste Bailey. Josephine Madrid played four numbers displaying much brilliancy: Schubert's B flat Impromptu, "Valse" Levitski, "Voices of Spring" by Sinding and "Prelude" by Schutt.

Mary Tuthill gave an enjoyable playing of "Ecossaises," (Beethoven). Vivian Weld was well prepared with Mazurka in B flat (Godard) and Norma Buck was delightful in "Con Amore" by Beaumont.

Mrs. G. F. Andrist

A very interesting affair was given recently by Mrs. G. F. Andrist, well known piano instructor of Tustin, who presented five music pupils none over 12 years old in a contest at the home of Mr. and Mrs. J. H. O'Brien on First street in Santa Ana.

Parents and friends gathered at the pretty home which was decorated with flowers, and a very happy evening was spent. The program was well chosen and adapted to the children, each of whom had to play four piano solos entirely from memory. They have had instruction about one year, some less.

Much praise was given the students by the two judges, G. F. Andrist and Miss Phyllis Mitchell of Santa Ana, a former pupil of Mrs. Andrist. They expressed themselves highly regarding work done by the students, who showed good time, artistic playing, style, smoothness of touch, expression, and finger movement.

Glenn Roderick, 11 years old, violin pupil of Prof. Andrist, also took part, and did himself credit by rendering four violin solos entirely from memory exhibiting fine bowing.

The older pupils were invited and enjoyed the program greatly. The four piano contestants were Lois Stone, Doris O'Brien, Marie Pitts and Vaye Critton. Each received a prize. At the close of the program Prof. and Mrs. Andrist were requested to play some of their own compositions, and several encores had to be given, including a Spanish Dance by Rehfeld (violin solo).

After the program the guests were treated to refreshments of punch, sandwiches and cake and a social hour enjoyed.

"Wash Dishes to Keep Hands Nice" Beauty Expert Advises Girls
Girls, perhaps you hate doing the dishes. Listen to what Miss Susan Breslin, teacher in a famous New York beauty school, says—
"Washing dishes makes beautiful hands—provided it is done with pure Lux suds."
Miss Breslin explains that "the very thorough gentle cleansing that one gets from Lux suds is excellent for the skin." She adds:
"However, the good effect of this thorough cleansing is lost and much harm done, if ordinary household soap is used. Such soaps often contain harmful alkalis, which dry up the oils of the skin, leading to wrinkles and coarsening of texture.
"Lux is so mild that it protects the skin oils and soothes the skin.
"My students are trained to use Lux suds in manicuring the nails, and the home woman will find that after doing dishes with Lux, her nails and hands look lovely.
"There are few beauty secrets so easy and inexpensive to follow and few that give such wonderful results as the use of Lux for dishes."

The WOMAN'S DAY

by ALLENE SUMNER

A certain mideastern city has just completed estimating that commencement or graduating exercises will cost the fathers something like $100,000. Considering that this city has about 3000 June graduates, this alloting of only a little more than $30 to each seems rather low. If Dad gets out of it for $50 he can thank his lucky stars.

For the past ten years or more one city after another has attempted to cut down the high cost of graduation. Some schools insisted that the girls wear simple little white duck skirts and middies and the boys equally inexpensive sartorial effects. With few exceptions, all these attempts failed until today there is hardly a school in the country which does not permit its commencement festivities to be on about the same plane as debutante "coming out parties" in another realm of society.

Queerly enough the richer communities, generally schools of the larger cities, were the ones first to advocate a tightening up on commencement extravagances, and are the very ones which have made most headway here.

The poorer and perhaps the more provincial the school, the greater the hullabaloo made about commencement.

• • •

School authorities frankly throw the problem at parents. They say that they have ruled and fought and implored for commencements without expenses, but that the parents whose pocketbooks they are attempting to save are the very ones who thwart their efforts.

"The way I choose to dress my daughter for her graduation is my own business and school boards will keep their hands off," is the repeated spoken and thought reaction of the majority of parents to any and all attempts to soften the H. C. L. blow of commencement for them.

So it is on with the class rings and the class pins and the class annuals and the engraved invitations and calling cards and corsages and taxis and banquet tickets and a dress with all the fixings for baccalaureate sermon, and another for class day, and another for the Junior-Senior banquet, and another for commencement itself!

• • •

The whole problem is one of the power of tradition. Education was a much less taken-for-granted thing in our parents' day than it is today. Even graduation from the eighth grade was sufficiently of a feat to merit presents and new dresses and fol-de-rol, and graduation from high school was almost as exceptional as receiving a master's degree today.

Parents saw in their childrens' educational achievement sort of a crown on their own lives of denial and lack of opportunity. They preened themselves on their own accomplishment.

Poor Clowny surely looked a sight. The hen had given him a fright, and now the eggs that he found were broken, on the ground. "Oh, this is terrible," said he. "What will you two girls think of me. I was real quiet in the barn, and didn't make a sound.

"But, suddenly, that crazy hen began to cackle loud, and then I thought I'd better get away. That's why I ran out here. This whole thing started out in fun, but now just see what I have done. By goodness, every egg I had is ruined now, I fear."

While Clowny's head in shame was bowed, the dairy maidens laughed out loud. "Don't let that worry you," said one. "What are you fussing for? You let the eggs drop, that is true, but that is all that you could do. Whene'er we need some eggs we'll go right back and get some more."

"Oh, thank you, thank you!" Clowny cried, "but I just think I'll stay outside. I'd really rather not go in that little barn again. It may be safe—and maybe not. I think it is a dangerous spot. 'Twould likely be my luck to find another angry hen."

"We'll let the eggs go for today," said one small girl. "Come on, let's play. Now, who can think of some nice game to give us all a thrill?" Just at this moment Coppy cried, "I think we'd better run and hide. What is that great big thing I see, that's coming o'er the hill?"

One girl looked quick, and shouted, "That is quite a monstrous pussy cat. We've always been afraid of him. He is the only one that we have really ever seen. He looks so big, and oh, so mean." Then, as the cat came closer, all the bunch began to run.

(Scouty makes friends with the monstrous cat in the next story).

Then cut deep gashes into the fish and will with a well seasoned bread dressing. Bake with frequent basting until tender.

Cherry Sponge

Two cups stoned cherries, 1 cup boiling water, 1 cup sugar, 2 tablespoons granulated gelatine, 3 egg whites, 1 tablespoon lemon juice, few grains salt, 1-2 cup chopped walnut meats.

Soften gelatine in 1-2 cup cold water. Simmer cherries in boiling water and sugar until cherries are tender but not broken. Drain from syrup and dissolve gelatine in hot syrup. Add lemon juice and let cool. When mixture begins to thicken fold in the whites of eggs beaten until stiff and dry with a few grains of salt. Add cherries and turn into a mold to chill and become firm. Turn out of mold and serve sprinkled with nuts and a sauce made by beating the yolks of the eggs until thick and lemon colored and gradually beating in one-half cup powdered sugar and 1-2 cup whipping cream. Flavor sauce with 1-4 teaspoon vanilla.

ENGLAND KEEN FOR STAGE AND TRACK THRILLS

LONDON, June 19.—The British public's craze for exciting entertainment is rapidly on the increase.

During the past year "thriller" plays, plentifully sprinkled with murders, mysteries, excitement, and action, have been drawing packed houses to many of the London and provincial theaters.

Dog racing, with trained-to-the minute greyhounds tearing round a track in pursuit of an electrically driven, dummy here at the rate of thirty-five miles per hour, has become so popular that there is now a track in every fairly populated center of the country.

Of more recent birth is the demand for motor-cycle racing on dirt tracks, with skids and falls in abundance. The thrills of this sport have attracted the public to such an extent that riders from overseas have been brought in to give an international flavor to the game. Some of these meetings are being held on the greyhound tracks, while speedways, exclusively for motorcycle races, are springing up throughout Britain.

Enthusiasts are now seeking an improvement on the motorcycle thrills by starting a series of dirt-track races for motor cars. The first meeting of this kind will be run by the Junior Car Club at Greenford, June 2, and a large crowd of enthusiastic spectators is expected.

Numbers of followers of these exciting entertainments are speculating on how long it will be before they will be witnessing daily exhibitions of airplanes push-ball.

BAYONET FATHERED BY ANCIENT PIKE

SAN FANCISCO, June 19.—An exhibition showing the evolution of the bayonet from the pike of the Middle Ages attracted large crowds to a local museum.

The display portrayed the forms of pikes in use before the invention of firearms, and then showed the more modern varieties which were made to fit into the barrels of guns. This latter was inconvenient, however, because the gun could not be fired while the stabbing appliance was in place.

An invention was made which was similar to the modern bayonet which fits around tht barrel of the gun. All transitional forms were shown in the exhibit.

According to charts, the name bayonet was derived from Bayonne, a city in France where they were first made about 1640.

So popular was the exhibit that more than 58,770 persons attended in one week.

WEARS WEDDING GOWN WHEN SHE GETS LICENSE

Katherine Moreno, pretty 18-year-old Los Angeles girl, must have concluded that marrying is one of the main activities in Santa Ana when she came to the courthouse today with Frank Valdez, 21, of the same city, to procure a license.

For on entering the office, the couple were forced to thread their way through a crowd of over 30 men and women who had business in the same place.

Or maybe she thought it was her wedding gown, a beautiful white affair covered with pearls, and her pearl dotted cap, which had attracted the multitude. For she got plenty of attention as she shook [illegible]. She and Valdez stood within the rail while the license was being issued, and Katherine was not chary with her smiles, as some of the audience made the wise cracks which are heard on such occasions.

Not for a long time has a pretty girl come to the office in her wedding gown, but Katherine, apparently is not conventional. But the crowd followed her when she and her party went away to the office of Kenneth Morrison, justice of the peace, to become Mrs. Valdez.

The gathering had no desire for marriage licenses. Perhaps they had grown accustomed to them. What they were after was naturalization papers, which they had just earned. They got them and Katherine got her husband and no one ventured to say which was the happier.

WANTS DIVORCE, LAND ACCOUNTING

Emma C. Guthrie, who resides near Anaheim, is seeking a divorce today from John F. Guthrie, rancher, and along with it she is seeking to get an accounting on property valued at $150,000, located in Orange and Los Angeles counties.

During the last five years, she asserted, his income has been approximately $100,000, but out of that amount he has given her barely enough to enjoy a meager existence, she stated.

By his own efforts Guthrie would be able to earn about three dollars a day, according to the complaint. But in 1919, she inherited a 10-acre orange ranch near Anaheim. Through his domineering attitude he forced her to assign him a one-half interest in the property, she asserted. Since that time he has kept most of the income, ranging from $6000 to $10,000, and has leased 280 acres of land on which he is raising vegetables, the complaint alleged.

Mrs. Guthrie asked the court to restrain her husband from molesting her or her property. In a separate suit she demanded that her title to the orange grove be cleared. Attorney fees amounting to $10,000 were requested and alimony of $500 a month during the course of the legal proceedings.

WOMAN HURT WHEN MACHINES COLLIDE

Mrs. R. A. Beattie, 210 East Walnut street, was injured at 6 o'clock last night when the automobile in which she was riding with her husband collided at Third and Lacy street with a machine driven by Neils J. Peterson, 523 South Flower street, according to a police report.

Mrs. Beattie's head struck the top of the machine, rendering her unconscious for a time. She was taken to her home.

Marriage License Notices Increase; 33 Issued In Day

County Clerk J. M. Backs and his deputies were rushed today. The largest number of couples seeking marriage licenses recorded during the past few months was checked today and it was found that 33 couples had filed notices of intention yesterday. Thirteen documents were issued.

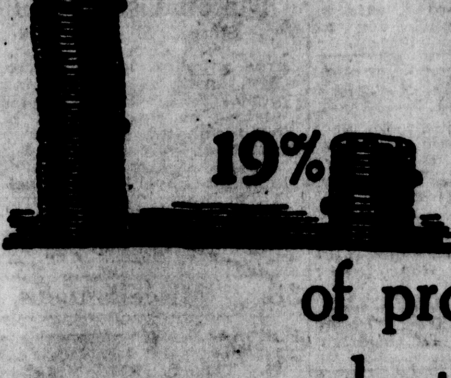
Today the rush was continuing, although in a slightly different manner. In the marriage license bureau candidates who had just been granted citizenship following examinations yesterday were crowding the counter awaiting their certificates.

On top of that the board of supervisors were meeting in another room and Backs had to keep his weather eye out for his duties in that phase of county government.

Leg Fractured In Cycle Collision

Don Moyle, 30, Fourth and Bristol streets, injured Sunday when the motorcycle he was riding collided with an automobile driven by B. V. Southard, 406 West Almond street, Compton, at First street and Orange avenue, suffered a badly fractured right leg, it was reported today from the Santa Ana Valley hospital, where he was taken.

His condition today was reported as satisfactory. Moyle is the owner of a motorcycle agency here.



81% of property left by decedents is life insurance

EXPERTS have estimated that 81% of all property left by decedents, averaged over the country, is represented in life insurance policies. Also, that only about 10% is properly safeguarded as to distribution and management, the balance being paid out in lump sums.

Poor management of these lump sums has brought the average life of such settlements of over $5000 down to less than ten years.

Such figures prove the need of the Insurance Trust. If the First National Bank is appointed trustee of your insurance policies, you are sure of their conservation, business-like management, and wise distribution to your beneficiaries.

It is a subject we are glad to talk about to you personally.

NEW YORK, June 19.—Call money stringency today brought down stocks sharply and prevented any attempt to bring back values. Movements were highly irregular throughout the session with several rallies at intervals.

GOVERNED BY THE POPULAR RATHER THAN THE WISE

A writer in the Independent deplores the fact that wise leadership has practically disappeared from political life today. National leaders like Washington, Hamilton, Jefferson, Franklin, Sumner and the Adamses have passed from politics to the universities. There is little leadership by the truly good and wise. We are converted pretty generally to the cult of governmental ballyhoo.

The writer is a little too pessimistic. We still have in public life a number of able men. There are many men in Congress who have graduated from academic life into political life. Senator Bingham of Connecticut was a professor of history and political science in Yale University before he became a Senator. Senator Fess has been a college president. Senator Borah is by no means a ballyhoo artist. Gov. Byrd of Virginia is giving that state a wonderful administration. The number of these might be added to indefinitely. The Heflins, the Thompsons, the Pa and Ma Fergusons are noisy and obtrusive, but they are not the only actors in the political play.

It must be admitted that some of these men who graduate from the academic ranks into politics have not been improved by the change. Senator Bingham as a college professor wrote an able brochure on the "Monroe Doctrine as an Obsolete Shibboleth." As a politician he has repudiated his point of view, apparently to meet party exigencies. Senator Fess has not carried the detached and discerning mind of the scholar into his political discussions. The same might be said of others. We still have some very good men left. But in the main they come from the smaller states in which the conduct of a political campaign and the maintenance of a political career have not yet become too expensive for a man of average means.

The writer referred to would select from the schools and colleges such men and women as have the capacity for leadership, then train them and advance them to positions of influence and power, all of which is wholesome to suggest. But things are not accomplished in that way in a democracy. The cult of the ballyhoo has grown up largely because the so-called good and wise do not want to make the sacrifice which is needed to purify our national political life. They have neither the patience nor the insight into human nature to make the try. The difficulty lies there. When men of wisdom and goodness refuse to lie down by reason of the first defeat, they will come to their own.

It has been twenty-five years since Tom Johnson impressed his life upon the city of Cleveland. The Citizen's League of that city has just decorated a group of men, (among whom is Newton D. Baker) who are still in or interested in the public life of that city, and who come to their interest through the influence of Tom Johnson. It is a wonderful testimony to the lasting influence of a man who threw himself into a city's political life with complete abandon. More of that type are needed. The Washingtons, Franklins, Sumners and Adamses were that type of men. Men of their ability are still with us. The question is, are they willing to be spent for the public good as these were? Democracy can rise no higher than its leaders, and its leaders may be good and wise men, or they may be ballyhoo artists. It is a question of who is willing to put the most into political life.

THE RESPONSIBILITIES OF BUSINESS

The Chamber of Commerce of the United States has printed the address of Edwin B. Parker, Chairman of the Board, on the above title, recently made at the Washington meeting, for general circulation. The address deals with the ethics of business, and is a ringing appeal for honesty and for the social conduct of business life. It is too much to assume that the endorsement of the content of this address by the Chamber will lead to an immediate application of its high principles to business, by all the members of the Chamber of Commerce throughout the United States. Like the Social Ideals of the Churches, adopted by various national bodies of churches, which by no means have become the accepted principles of action by all churches and by all Christians, the principles of Mr. Parker's address point to a goal toward which it is hoped all business and all engaged in business should move. It means much when the national Chamber of Commerce places itself on such high ethical ground.

Business, according to Mr. Parker, must promote not only prosperity among its own particular group, but must think of the interests of every individual of every group within the nation. Business exists for what it does for others. It does not exist for itself alone. Its function is to promote human welfare and human happiness. He condemns the attitude of those business men who pursue their "predatory lusts in a spirit of 'after me the deluge'." Business must be "purged of those pirates whose acts stigmatize and bring business generally into disrepute." They must be dealt with according to law; but they must also be branded as social outlaws, by their fellows in business. The principle that Government should not enter into business is [illegible] in danger of radical propaganda than of [illegible] business men who break down public confidence and provoke Government regulation.

[illegible] Parker takes the same high ethical ground [illegible] sphere of international business. He de[illegible] of American prosperity and [illegible] the other nations of the world. He [illegible] business devote itself to the [illegible] of [illegible] the life of the peoples of the [illegible] and more abundant. He [illegible] of the United [illegible] would be [illegible] such as the [illegible] placed so many good people on the blacklist of our patriotic societies, so-called, and of the society of militarists. We commend the principles endorsed by the Chamber of Commerce of the United States, to those people who question the patriotism of men and women who proclaim that America's good and prosperity is bound up in the good and the prosperity of the world. It may be that the church and big business shall yet stand on the same high ethical platform.

This endorsement of the address of Mr. Parker by the Chamber of Commerce of the United States marks a tremendous advance over the attitude of business not much more than a generation ago, when men carried on business on the ignoble principle of "the public be damned." It marks the working out of the principle, which an older generation could not recognize because it was dominated by a crass individualism. It could see no virtue and no good apart from the individual. It is a long leap from that crass individualism to that social sense which is becoming so marked in all our modern life.

We would like to see the Social Ideals of the Churches, which have been ruled out of court by many business men, bound with this address of Mr. Parker, and sent to all members of the Chamber of Commerce in the United States and to all religious leaders, with the request that they work together in that team work which Mr. Parker calls for from the business men, to promote human happiness and human welfare in all the world.

A HISTORY OF THE ANTI-SALOON LEAGUE

The Columbia University Press has published a history of the Anti-Saloon League, written by Peter Odegard, which hardly does justice to the men who have been responsible for its origin and its progress. We have not always approved the methods of the League, and we have not approved of all the men who have been connected with the League. Like every organization facing a great social nuisance or a social evil, it has had to engage in the rough and tumble of a strenuous battle. It may be true that some of the men who have engaged in its propaganda have not been overscrupulous, but the same charge can be made against almost every reforming organization. The crusader has always been overstrenuous, and the character of his work has been determined largely by the character of the opposition.

The work has all the marks of special pleading. There is no attempt to be just. There is no attempt to evaluate the social evil against which this organization has hurled all its force. To make the Supreme Court of the United States the unwilling tool of Wayne B. Wheeler, with "his lordly strut," is to convict the author of an extreme partisanship and a bitter spleen. The story is not the work of a historian, but a prejudiced advocate. He could not have known many of the men who have figured largely in the movement. The men whom he has known are the men who have been the victims of newspaper criticism, not the men who have had the ability to command the respect of the better elements of the country as well as their heartiest co-operation. It will please the men and women who hate the Volstead Act; but it will not convert a single friend of prohibition to the organization known as the Moderation League.

OUR CHILDREN

By Angelo Patri

MUSIC'S PLACE

The school years that lie between the sixth year elementary grades and the first year of high school are formative years for the pre-adolescent child. The boy and girl in this age of growth is seeking some outlet for the energy that is straining at the leash. The child tries first this opening, then that. Again and again disappointment waits the child as he tries one experiment after the other.

One day the shop door is open and the sight of the tools, the smell of the new wood, the thrill of the activity awakens a desire to try wood work. A short trial proves that to be the wrong door. The metal shop, the book bindery, the electric wiring shop, the modelling room, the dressmaking classes, the domestic science rooms, the whole list of school activities are tried through successive terms and in none of them, perhaps, is the child at peace. Some way must be found to release the child's activity, direct his desires for expression, or he will not grow normally in health or intelligence.

In our school we had some girls and boys we could not seem to place happily. Then the head of the music department started an orchestra and they were delighted members. Every day found them beating the drum or blowing a horn, or making some sort of joyful noise that lifted their spirits toward the place of peace where growth was eased and expression made possible.

Out of these pre-vocational activities the vocation is born. It does not always come directly. Often it seems a strange power suddenly developed over night. But in reality it was a power buried in the depths of the child waiting release through experience.

The orchestra, however, brought out the vocation of three children very directly. Three children who would not have found their true vocations, and life's happiness in consequence, discovered the way through the music experiences offered by the school. Just when we were wondering what could be done to place these three unusual children the letter came offering a harp scholarship for the child or children best qualified to benefit by it. Think of that. Imagine yourself a musician, twelve years old, and having a fairy gift like that befall you.

The harpist from the New York Symphony Orchestra came to the school, gravely examined these three eager children, nodded his head and said, "You may try. We will teach you to play the harp so that you can grow up to take your places in the great orchestras by and by." Music offers a vocation. The school world moves ahead.

One of the great joys of the school is to see the children happily at work in some department that leads to expression of inner powers and desires, happily at work applying the knowledge gained from books. The three dark heads bent over their harps are, to us, a bit of thrill beauty, as though the work of a great master had been set among us. Music is an art. It is also a vocation.

More Truth Than Poetry

By James J. Montague

THE IRONY OF FATE

When my work is done I am going where I won't even hear the voice of a bird—Signor Gatti Casazza.

I used to believe the confectioner's life
Was the kind that I lived in my dreams
With nothing to do all the afternoon through
But subsist on chocolate creams.
With nougats and lollypops always at hand
With gum drops and peppermits free
I frequently thought, while still young and untaught,
What a glorious life his must be.

When paying for seats to hear "Carmen" or "Faust"
At some seventeen dollars a shot
And the taxes beside, I have frequently sighed
For the great impresario's lot,
The man who can hear without money or price
And with never a guerdon or meed,
All those silvery bars from the costliest stars
I thought must be happy indeed.

But all of the candy store men I have met
Have no fancy for peppermint drops
They would rather eat stew, which they say that they do,
Than the daintiest things in their shops.
And the great impresario hastens away
When the season's last piece has been heard
To some country remote where he can't hear a note
From even the tiniest bird.

I wish that I owned a confectioner's store,
It's the place where I really belong,
Or could spend night and day in a gilded parquet
And listen, for nothing, to song.
But such is the way of a curious world;
No wonder the pessimists scoff.
When good luck now and then is bestowed upon men
They never believe they're well off.

THE SALE TAX

The reports published in California about the amount of money received from the tax on the consumption of gasoline throw light upon the whole question of taxation.

This tax has been paid, as a rule, without protest, and has yielded enormous returns without weighing especially heavy upon any one class of people.

The income tax is often a burden and always a nuisance. Many business concerns must keep a special man employed all the time on their books to prepare returns for the income tax and those returns are apt to be overturned three years after they ar sent in and necessitate doing the work all over.

And the amount paid for income tax often seriously injures the prosperity of the business.

A sales tax would be widely spread over the entire population and all classes of people would take part in its payment. This amount would be large simply because it is contributed by many and would not be large because of great sums that were given by a few concerns.

The ideal tax is one which rests upon the whole population and one which is not felt.

The sales tax meets this requirement. It would be collected with uniformly less labor than any other kind of tax, it would rest equally upon everybody, and would work injury to no one in particular.

It is a legitimate method of collecting money and one that has often been used. It is democratic and practical.

It has been endorsed by many of the most gifted minds of the nation and by almost every one who studies the subject without being obsessed by pre-disposing [illegible].

A man or a concern should be allowed to make all the money that can be made.

Under modern conditions the only way to achieve success in business is to benefit the whole population. In amassing its fortune the Ford company and the [illegible] company and other companies have spread prosperity as a means to increasing their own returns.

THE IMMORTAL BUNYON

This year marks the hundredth anniversary of the birth of John Bunyan—imprisoned by his contemporaries, immortalized by posterity.

To adapt a phrase from an early commentator, his Pilgrim's Progress is a book that meddled divinely with eternal things, and it can never die.

This year the lords of literature and government will scramble for standing room round his tomb; the descendants of men who jeered at him and jailed him will hail him as one of the kings of letters.

His Pilgrim's Progress went swiftly to the hearts of the masses. It ran into twelve editions in 30 years. This might seem slow business to the modern mass-production publisher, but it is a figure packed with meaning when we remember that there was no clique of the cultivated to drum up trade for it in the beginning. And yet, snubbed by the sophisticated, it found its way into rustic cottages, and spoke to common men in a language that needed no press-agentry.

It went slowly among the politer classes, but finally the learned limped along to ratify the verdict of the vulgar. The tinker's dream became a classic.

The ferocious Swift became kindly under its spell.

The learned Johnson read it through and wished it longer.

The cynical Byron adjourned his banter in its presence.

The virile Scott was fired by it.

The spacious-minded Coleridge took it to his heart.

The scholarly Arnold, harassed by doubts, found satisfaction in its pages.

The critical Southey praised it.

The penetrating Macaulay revelled in its artistry.

Bunyan brought to its conception a princely imagination chastened by a profound spirituality, and to its writing a masculine power that ripples visibly beneath the "picked and packed words" that mark its terse style.

Pilgrim's Progress has been done into an oratorio for the stage, into verse for the poet's cloister, into polished English for the polite classes, and into cathecisms for the school.

The bright threads of its brave imagery run here and there throughout novels and sermons and plays; its characters and figures of speech grace the dignified debates of parliament and give pungency to a Roosevelt's catchwords.

It has appeared in many versions that have been mutilated and manhandled into conformity to the creeds and needs of the editors.

It remains one of the great folk-books of all time that needs no commentator to interpret it—a book that the scholar can hardly touch without hurting it.

The Bunyan Tercentenary should make us humble about our too cocksure judgments of our contemporaries.

Beginning of the End Of Chineese Domination

San Bernardino Sun

Triumph of the nationalist cause in China through capture of the northern capital of Peking and the great entreport of Tientsin, marks the beginning of the end of foreign dictation to the great and hitherto inert colossus of the East. The end may be far off. Probably it is, and between the beginning and the finish there may be much bloodshed and strife, even a war carried on by the western powers to maintain their domination, but the final outcome can not be doubted. A nation of four hundred million people can not be permanently held in quasi subjection after its spirit of nationality has once been aroused.

The very basis of unity of nationalism which has now triumphed in that war-torn land is rebellion against foreign dictation. It has been carried to the point of almost rabid hatred of foreigners, not, however, a greater hatred than was shown between the contestants in the late World war. We must not ascribe fanaticism to the Chinese above that which was shown by Caucasians in that great struggle. Both reveal the same human nature of intense hostility and relentlessness under what they consider great wrongs wrought upon them by people of other nations. In fact, there has been less killing of foreigners during these troubles than should have been expected, when we remember what happened in Europe and even in our own land during the Civil war.

The nationalist government has already served notice on foreign nations to remove their soldiers from Chinese soil. They have an army of at least half a million trained soldiers with which to attempt to enforce the notice should they desire to throw down the gauntlet to the united powers. If they do not do so now, and precipitate a war they probably could not win, they will surely do it sometime in the not distant future, after nationalization shall have made more progress and their resources for war be better organized. Let us hope that the United States will not be one of the nations fighting to continue China under foreign dictation.

Calling On the Churches On Humane Questions

San Bernardino Sun

Secretary Kellogg has called upon the churches of the United States to back him in his effort to get the nations of the earth into a joint treaty renouncing war as an instrument of national policy. He realizes that when moral and humane questions are before the people the church can always be counted upon to give support to the right side. He is not alone in that. The Near East Relief, the Red Cross, the movement for temperance and law enforcement, the hospitals, the orphanages, the community work, in fact everything that has for its purpose service to mankind, would make small progress if they did not have the church—by which is meant the people and not the organization—solidly behind them. It is the great moral, uplifting force of civilization.

Low Value Put On Elevation of Art

San Francisco Chronicle

Two Oklahoma fight fans, incidentally or otherwise man and wife, sued for $316 each damages alleged to have been suffered by failure to get into the Sharkey-Dempsey prize fight in New York. The court says that they weren't damaged one red cent. The court may be right legally, but isn't it a bit heartless to those noble gentlemen who spend their lives trying to elevate sport and brighten the lot of poor humanity? And then there are the thousands of fans who so willingly give up $40 a seat to have their lives so brightened. Does the court mean that somebody has made suckers of them? Maybe not. Maybe the court thinks they are making suckers of themselves.
